INTRODUCING NEW INVESTMENT CERTIFICATES

EIGHT-YEAR/EIGHT PER CENT INVESTMENT CERTIFICATE

This new Metropolitan certificate pays the highest rate available on insured savings. For a minimum deposit of \$1,000, with an eight-year maturity, you'll earn 8% annually. Paid and compounded quarterly, this means an effective annual yield of 8.24%. A good way to save for those long-term goals.

SIX-MONTH MONEY MARKET CERTIFICATE

The short-term certificate is the newest way to increase the return on your savings. For a minimum deposit of \$10,000, you'll be issued a six-month certificate with a fixed interest rate. The maximum interest rate is 1/4% above the average yield on six-month Treasury bills, based on the most recent weekly auction. It's an excellent way to gain maximum earnings on your short-term funds.

Metropolitan's new 8% certificate, with a three-year maturity, is offered on Keogh Accounts and Individual Retirement Accounts. Additional certificate plans with shorter maturities and paying maximum interest rates are available.

Federal regulations require a substantial interest penalty on funds withdrawn from certificate accounts before the maturity date is reached.
