MASTER CHARGE BANK AMERICARD

John Wilson, Community Relations Manager, Royal Oak, reminds you:

**There are things you can do to control the cost of your phone bill.**

We are constantly searching for ways to help you economize on your phone service, but there are just a few ideas on how you can help yourself: Call when it's least expensive. For example, when you're calling long distance, dial direct and plan your calls for times when the rates are lowest.

Budget Service that's really low budget! Look into the availability of Budget Service if you don't make a lot of phone calls every month. It's the least expensive one-or-two party phone service we offer.

Plan to have all your service installed in one visit. For instance, if you move, plan carefully so the installer doesn't have to make extra trips, for which you may have to pay additional charges. And while you're planning for new service, make sure it's going to be the kind most suited to your needs.

Sometimes, little tips can save you a surprising amount over the long haul. We'll keep trying to help you save.
