think of carpet cleaning as a professional decorator does
Your carpeting is probably your most visible and expensive decoration. It is important that it stay as the decorator conceived it. And you don't have to compromise on quality or price to keep it like new. Since graduating from Michigan with a chemistry degree, Steve Hagopian has specialized in cleaning carpet and furniture and has trained his operators to be specialists. The total system used by us is the best. Only the hose and attachments come into your house. The softened water is heated to cleaning temperature on our truck. The pressurized hot mist, fortified with emulsifiers, is delivered deep into the pile where it loosens saturated soils and suspends them. They are then flushed by vacuum directly out of your house and into our truck. The strong vacuuming results in faster drying. Softest water insures long-lasting cleaning. Our solvent mist system will also safely restore upholstery to showroom beauty.
Decorator quality cleaning costs no more. Call us today for a free estimate. **353-1910**
*Savings depend on footage. 20% maximum discount on furniture. Free estimates of course.
