Among its duties, as provided by law and the constitution:

- Administration of state financial aid to local school districts
- Teacher certification
- Examination and in some cases approval of local construction and financing plans
- Reimbursement to schools for bus service, school lunch, other programs
- Remedial and special education
- School district organization
- Planning and coordination for community colleges, 4-year colleges and universities

There are eight members, nominated by party conventions, and elected at large for 8-year terms. Two of these members are to be elected on the November ballot.
