Are You Paying 300 Percent Too Much for Your Glasses?

A Recent Federal Trade Commission Report Reveals That:

There seems to be no direct correlation between the prices people pay and the quality of glasses they get. For example, prices varied as much as 329 percent for the same frame in San Francisco, 233 percent in New Jersey. Feb. 78 Good Housekeeping

AND DIANE VONFURSTENBERG **Designer Frames** **Only 69.95**
