SEMTA adds another train

Commuters lined up Monday morning to catch the Southeastern Michigan Transportation Authority's (SEMTA) newest baby, a fourth round-trip train between Pontiac and Detroit's Renaissance Center daily. Trains leave Pontiac each morning at 6:30, 6:54, 7:14 and 7:39. Evening trains will leave Detroit at 4:50, 5:15, 5:30 and 5:55. Commuters will also be able to catch the trains at Bloomfield Hills, Birmingham and Royal Oak. Also, for the first time, SEMTA buses offered special morning and evening service directly to train stations at Charing Cross, Birmingham, Royal Oak and Ferndale. (Staff photo)

State health plan topic of hearing

A public hearing on the proposed state health plan will be held at 1 p.m. Monday, Nov. 13 in the City-County Building, 13th floor auditorium, downtown.

Various state agencies, local health officials and professional groups assisted the Statewide Health Coordinating Council and the Office of Health and Medical Affairs in drawing up the health plan.

The plan is being developed under the provisions of state and federal acts. The state law provides that the plan "shall serve as the principal guide for the developement of state health programs and for the allocation of resources to health activities in the state."

A copy of the proposed plan is available for public inspection and copying, from 9 a.m.-5 p.m. Monday through Friday until Nov. 1 at the metropolitan area Health Systems Agency, 1249 Washington Blvd., Detroit, 48226, 964-6950.

At a minimum, the policy must cover the deductible and co-insurance requirements of the Medicare program.

Supplement policies help fill the gap between Medicare payments for hospital and medical services and the actual charges for the services.
