
A non-stop conversationalist, the young hawk just never stopped talking. (Staff photos by Gary Caskey)

Squawk!

Hawk eyes his breakfast

If anyone has lost a pet hawk, it's vacationing at the Jeruzal home in Plymouth Township and seems to be making itself right at home.

George and Ethel Jeruzal were having breakfast on their patio at 8:30 Sunday morning when they heard an unusual bird call.

"What's wrong with that blue jay?" asked Mrs. Jeruzal. Her husband agreed with her assumption that it must be a wounded jay. Their wooded property on Powell Road is a haven for many varieties of birds and they are familiar with their calls.

A large bird with a three foot wing span swooped out of a tall tree and after flying toward them, swerved and landed on the peak of the house next door.

From this vantage point, the bird continued to watch them and converse in a voice that combined the cry of a small child with a whistle.

Jeruzal knew it was a hawk but was unsure of the variety.

"We had some chunks of beef thawing for stew, so I got a piece of that. I was going to throw it on our roof for him, but he caught it on the fly before it landed — using one claw. It was just like Willie Horton snagging one out in left field."

By 10 a.m., the hawk was coming right to the patio and staying on the patio fence to eat the raw meat.

"He'd go into the tree, call to me, I'd whistle back and wave the white cloth and he'd come right to the patio."

The bird stayed around until dark. After getting a close look, the Zeruzals got out their bird book and identified it as a Cooper's hawk. "It has the yellow feet and legs, the yellow over the beak and right markings," said George Zeruzal.

HE WAS OUT at 6:30 a.m. Monday looking for the hawk which was nowhere to be seen.

"I whistled and waved the white cloth and in 15 seconds he was there. He flew right to me and sat on the patio fence to eat his stewing beef."

Food demos for fair

The Michigan Department of Agriculture, with cooperation from Michigan commodity groups, will present "Michigan Food Fare" at the Michigan State Fair in Detroit Aug. 24 through Sept. 3.

Cooking demonstrations, using "good things growing in Michigan," will be presented each day at 11 a.m. and 3 p.m. in the air-conditioned auditorium of the Community Arts Building.

Fair-goers attending "Food Fare" will receive recipes of food prepared during the demonstrations, balloons bearing the "good things growing" and "Michigan Food Fare" logos, and of course, the benefit of learning new food preparation ideas from demonstrators [illegible] different commodity groups.
