

Merrill Lynch talks about Tax Exchanges

Right now is the time for the sophisticated investor to consider portfolio shifts for tax purposes... to take a long, hard look at the securities currently owned for careful consideration of establishing capital gains—or losses. Don't miss our timely

Tax Exchanges Forum
Tuesday evening, November 18
at the Masonic Temple
23715 Farmington Road at Grand River
starting at 8 p.m. sharp

You'll hear:

- how the timing of sales or exchanges for tax purposes can save you money
- the reasoning behind the establishment of tax losses
- the outlook for the economy and the stock market

Our Research Department in New York has just compiled a comprehensive list of tax exchange recommendations. This list, designed to aid you in determining capital losses—or gains—without disturbing your portfolio balance, will be the basis for this forum.

There will be ample time after the meeting for questions and individual attention. There's no charge, but seats are limited. So call or mail in the coupon below for reservations.

Please reserve _____ seats for your Tax Exchanges Forum on Tuesday, November 18, at the Masonic Temple.

It's that time again... Volunteers are needed. The folks of Kendallwood One have noticed that the entrance lights have been out for some time. A small group of volunteers will be around shortly to collect \$3 per household.

More help is needed so give a call to Mrs. Betty Goetzke, 474-6594, and offer your services. As you may remember the cost for each light per month is \$4.50 and there are six of them, two each at Bayberry and 12 Mile, two at Peppermill and 12 Mile and two at Bayberry and Farmington Road. Let's have the lights on by Christmas with 100 per cent cooperation.

SOME of the folks are enjoying vacations of late. John and Betsy Manecke joined the Nomad Club and just returned from a trip to the Bahamas.

They report it was wonderful even though there was a bit of flight rearranging.

The Jack McMann's of Peppermill had themselves a full week in that sunshine state of Florida. The latest weather report was like 90 degrees. We got a new car and put on at least 1,000 miles just going to the northern part of Michigan, visiting Manistee, Traverse City, Boyne City, Petoskey and Alpena. Mr. and Mrs. Jess Marable had received news of an accident that claimed the lives of two of their friends and they had to make all kinds of arrangements and flew to California. Deepest sympathy to the Marables on their recent loss.

JAY LAWRENCE was six last Saturday and so a group of his friends were on hand at the home of his parents on New Castle. Everybody came in costume and all had lunch, cake, ice creams and games galore. Lynn and Jamie Bothwell of Peppermill decided that after trying "me" treat was a good time to have a party. And so it was, many of the kids from the block indulged in musical chairs, bobbing for apples, plus cider and doughnuts.

What'll It Be In 1999?

"What can we expect in 1999 A.D.? How will our values be affected?" These questions were considered when Beta Eta chapter of Delta Kappa Gamma, an honorary society for women educators, met with college faculty at Madonna College Nov. 10. The program was conducted by Gerald Weber, marketing promotion representative for the Detroit Edison Co. Much interest was aroused by the film "1999 A.D." especially as it related to the tremendous changes that will take place in the home.

Living will be almost totally computerized according to the film, and many family needs such as communication, transportation, household services, and even recreation and education will become push-button activities.

Many questions arose as to the place of schools and educators in such a society. There was discussion of problems re-

lated to computerization and its effect on "The Values That We Live By" which is the current international theme of Delta Kappa Gamma. The program was arranged by Mrs. Glen Tinkham, a member of the program committee and elementary teacher at Forest School in Farmington.
