Bond School Gets Tender, Loving Care

FARMINGTON Bond School has been given another dose of TLC. This may sound like some suspect substance or grower, but these initials stand for "TENDER CARE." It is this, administered from time to time over many years, that has kept Bond School, built in 1925, a pleasant place to be around.

PUPILS, parents, principal and teachers have all worked together tidying the school grounds, preparing planting beds, and planting dozens of tulips for a gay spring garden.

Mrs. Herman Moehlman conceived the idea after hearing a talk by Lincoln Avery, chairman of the "Keep Michigan Beautiful Schools Program." She enlisted the enthusiastic

support of Principal Melvin Blackman, and of members of the Bond School PTO.

Much of the cleanup and digging was done by a local group of Indian Guides. Among the fathers and sons who devoted several weekends to these projects were Jack Schumacher and his son Eric, Paul Michalski and son Alex, Chris Spasoff and Chris Jr., Bob Robbins and son Barry, Bob Otney and his son, and Herman Moehlman and sons Steve and Philip. Mrs. Vernon Vickland gave horticultural assistance.

Bulbs were donated by the parents, and planting sessions were scheduled for each class. Bulbs have been planted on the south side of the building near the kindergarten entrance and on the east side of the school near the main entrance. Also, some classes chose to plant their bulbs where they could be viewed from the classroom windows.

TO ROUND OUT the planting program, two educational films were shown. Grades one through three saw a movie entitled "How the Seed Grows," and grades four through six saw "Soil and the Earth Around Us."

Both adults and children have enjoyed the project and are looking forward to spring bloom at Bond School.
