

It's a not a quiche, and it's not a puree — but your guests will agree that broccoli rice pie is delicious.

Party recipes

Successful holiday parties today often break many of the traditional rules of entertaining.

Even the most stylish host or hostess serves casual dinners, emphasizing taste and freshness rather than extravagance. The menu may feature an unusual non-meat preparation. Lighter helpings of meat are in vogue.

To add chic to these dinners this season, combine vegetables and rice in new and special ways. Pureed vegetables are the rage in French restaurants this year, so do them with a difference in a pie with an unusual long grain and wild rice crust.

The rice is used to flavor a creamy puree of broccoli, cream cheese and egg.

But instead of fussing with rolling pins and temperamental doughs, line the pie plate with a mixture of the rice, egg and pimiento.

Serve broccoli rice pie as you would a quiche, or as the star vegetable helping along with a lighter meat entree. The rice crust works well with other main dish pie fillings, too, and as a shell for chunky stews and pot pies. The interesting texture and special nutty flavor of the rice mixture belies the easy preparation.

A souffle is always a treat on a dinner party menu, but instead of plain cheese, serve a souffle of Parmesan cheese, mushrooms, swiss cheese and long grain and wild rice.
