

Quiet elegance.

We've got screaming good news but even in a full page newspaper ad our style is easy, relaxed, cozy, laid back.

Now, our music is more beautiful than ever. The most beautiful. It comes to you quiet and clear wherever you are in the Detroit area. Our signal is stronger. Our coverage, better.

If you turn on your radio and you hear all those nice things mentioned above you'll know one thing for sure...you're listening to us.

And you'll like what you hear.
