"Necessity Is the Mother of Invention" That's the reason we have Lanterns and Flash Lights. Our lanterns are easy to light, but hard to put out. They have a dandy burner; it don't smoke up the glass. Got to have a lantern on your wagon now, or you'll get a bump from an Auto some dark night. You need a lantern that won't blow out in a heavy wind or storm, and that's the kind we sell. Handy things to have around doing chores, too. You can use a Flash Light for a lot of purposes where a lantern won't do, so you need both. Flash Lights are safe and convenient. We carry a fine make and the price is moderate.
