The New Edison RE-CREATION

Have you ever regretted making a purchase too hastily? If you are thinking of buying a photograph today, tomorrow or next week, remember your last purchases and visit the store of Mrs. C. Wolfe & Son, Lincoln Highway, before you decide. If necessary to make sure that you are right, go there several times. For your own amusement, as well as the entertainment of your guests, be sure that your choice of a photograph leaves nothing to be desired. If a photograph gives you all that the artist can give you, excepting only his physical presence, what more can you desire? Perhaps you will smile when we say that the New Edison's realism is perfect—that should an Edison artist come to your home, and sing or play with the New Edison's RE-CREATION on his voice or instrumental performance, you could not distinguish the living artist from the New Edison's RE-CREATION on his art. Perhaps that sounds like an insult to your musical intelligence. We can completely dispel any such feeling. You will be doubly pleased when you call on the dealer whose name we have given you. You will not only hear the same realism's Official Laboratory (Model) but you will also see photographic images in the most wonderful period cabinets your eye has ever feasted on.

Do You Know The Facts About Building Costs?

THE BIG BUILDING PROGRAM THAT WAS EXPECTED IN 1920 FAILED TO DEVELOP. THE COMPLETE CESSATION OF BUILDING HAS CAUGHT THE MANUFACTURERS WITH BIG STOCKS OF LUMBER WHICH THEY HAVE BEEN FORCED TO SELL AT ALMOST COST.

In Our Opinion, Right Now is a Good Time to BUILD.

But it's only fair to tell you that this condition may be only temporary. The country is four years behind in building requirements short more than a million homes. Our own town is short one hundred homes. When people begin to do this long delayed building, the law of supply and demand will regulate prices and it is natural to expect increased prices.

We can show you a substantial saving in every item in our line. If you are planning to build, remodel, or repair, come in and let us give you some figures. Then when we show you the actual savings over last year's prices and show you how favorably present costs compare with those of 1914. Make your own decision.

BEGIN GETTING THE BENEFIT. NOW. DON'T DELAY.
