ABOUT COAL!!

Will the prices go up or down

We don't know, do you? We can't control the price but we can the quality and we are fighting for the best.

Today we have on hand the very best soft coal that ever came down the Grand River pike. Its four inch lump size of Virginia Splint and is the brightest and cleanest coal you ever saw. Not a bit of slack, dirt or dust. You can pick it right up in your hand. It burns to a complete finish. No clinkers to pave the alley. Come in and see some real coal and lets talk about next winter.

MAKING HOUSEWORK

Lighter and Cooler

is the mission of Electric Service at all times—but particularly so during the hot summer months when fatigue so easily overtakes the housewife.

Use Electrical Appliances

in your home so that domestic labor may be done efficiently and in half the time required by any other method. Enjoy all the leisure that you can during these blistering days—and note how much better you feel.

There is an Electric Appliance for practically every one of the arduous household tasks.
