THIN FRAIL PEOPLE SHOULD TAKE

Hundreds of Men and Women All Over America Appear To Be Physical Wrecks Simply Because Their Systems Are Starving for Nourishment.

There are hundreds of thin, run-down, nervous men and women all over the United States who should be strong, sturdy and vigorous, with rich, red blood tingling through their veins and feeling brimful of life and energy, if they would only profit by the experience of others all over the United States and Canada, and assist nature to digest the food they eat, by simply taking Tanlac.

LINCOLN FORESAW

URGED NECESSITY FOR RESPECT FOR LAW AND ORDER

Vords of the Great Emancipator Es-pecially Significant in the Tormoll of the World Today.

Words of the Great Emangapater Especially Significant in the Termoll of the World Today.

In his first great particits speech, now too little known, Abraham Lincohn forecast many of the present day political and social conditions. The theme of this speech was the danged to American institutions the seed of the theory of the seed of the seed

must live through all time, or die by suitclide."

After giving some examples of the evil effects on the innocent as well as the guilty, which occurred in the operation of mob violences, Mr. Lincoln continued:

"I know the American people are with extraction to the die to the coverage of the control of the control of the die coverage of the control of the die coverage of the control of the die coverage of the die coverage

OLN FORESAW of the country, and never to tolerate their violation by others. As the patricts of 70 dld to the support of the Declaration of Independence, and so to Declaration of Independence, and so to the support of the Constitution and laws, let every American pledge his life, his property, and his sacred honor— let every man remember that to vio-late the law is to trample on the blood of his father, and to tear the charter of his own and children's liberty.

of his father, and to tear the charter of his own and children's liberty.

"Let reverence for the laws be breathed by every American mother to the lispidg babe that prattles on her lap; let it be taught in schools, in seminaries, and in colleges; let it be written in primers, in spelling books, and in almanacs; let it be pracabed from the publit, prightened in legislative halls, and enf-reed in courts of justice. And, in alori, let it become the political religie of the nation; and let the old and let young, the rich and poor, the grave and the gay of all seres and tonge and colors sacrifice unceasingly up a its altars.

"They (the Revt itunory fathers) were pillars of the imple of therty; and now that they he crumbled away that temple must fi unless we, their descendants, supply beit places with other pillars, hew from the solid quarry of sohe rea 'no." Passion has helped us, but can be so no more. It

and love for our species in general all imperatively require us intifutily to perform.

"How, then, shall we perform it? At what point shall we expect the approach of danger? By what means shall we fortify against it? Shall we expect some transatiant military giant to step the ocean add crush us at a blow? Never!

"All, the armies of Euroff, Asia, and Africa combined, with all, he treasure of the earth (our own excepted) in their military chest, with . Bomaparte for a commander, could not by force take a drink from the Oulo be make a thousand years.

"At what point is the approach of danger to be expected? I naswer, if it ever reaches us it most approach of danger to be expected? I naswer, if it ever reaches us it most approach of danger to be expected? I naswer, if it ever reaches us it most approach of danger to be expected? I naswer, if it ever reaches us it most approach of danger to be expected?
