

## Spring Is Here

Now come the Pigs—the Calves—the Colts—and the Lambs.

TIME for your work horses and mules to shed their winter's coat.

—TIME to tone them up—give their systems a spring house-cleaning—and drive out the worms.

## Dr. Hess Stock Tonic

### A Spring Conditioner and Worm Expeller

Your COWS that have long been on winter feed need the system-toning, bowel-cleansing, appetizing effects of Dr. Hess Stock Tonic. Put them in fine condition for calving. It means more milk.

Your BROOD SOWS will be relieved of constipation and put in fine fettle for farrowing by a course of Dr. Hess Stock Tonic, which means healthy pigs, and a mother with an ample milk supply to nourish them.

Your SHOATS will be greatly benefited by a course of Dr. Hess Stock Tonic. It drives out the worms—stimulates the appetite and makes them thrive.

Feed it to EWES before lambing time. It prevents fevered udders and scouring lambs. Feed it after lambing time to stimulate the flow of milk, insuring lambs for the early market.

Dr. Hess Stock Tonic contains Tonics for the digestion, Laxatives for the bowels, Diuretics for the kidneys, and Vermifuges for the worms.

### Entertain Teachers.

From 3:30 to 5:00 o'clock Wednesday afternoon Mrs. A. G. Leonard entertained the teachers in her home. This was in honor of the new Kindergarten teacher, Miss Gladys Sutton, who began her work in the schools Monday morning. Miss Sutton takes Mrs. Boice's place, who resigned her position at the end of the winter term.

### Council Meeting.

The village council met in regular session in the council chamber Tuesday evening. The general routine of business was disposed of and the resignation of William Heene, village clerk, who removes from Farmington this week, was accepted and Clair Grace was appointed in his place. Official appointments of the president were confirmed and action was taken to advertise for bids for the water bonds and the erection of the water town and storage tank. Arrangements were made to have the proceedings of the council published in The Enterprise. The doings of the above meeting will appear officially in this paper next week.

### Not The Enterprise.

The other night some unscrupulous hands touched up a newspaper office for a thousand dollars and got away. Bless you, no, it was not The Enterprise office, it was the New York Tribune office. We never have an accumulation of that amount—each day just as soon as the sum on hand reaches \$500 we take it over to the bank.

### Ice Storm Crippled Us.

The Enterprise has been badly handicapped by the recent ice storm. The last of the week we had no power and that matter has been adjusted. We have no telephone connections so our local news will be a bit shy, tho' our local reporter has worked hard to get what is printed. It is to be hoped that by next week everything will be running smoothly again.

### Chicken Dinner.

The Ladies Aid of the Evangelical church will serve a chicken dinner at the church parsonage, Monday, April 17, from 12 to 2. Everybody welcome. Price 50 cents. 21-2c

The Misses Esther and Ada Boynton were Northville visitors Monday.

The regular annual meeting of Farmington Chapter 239, O. E. S. occurs Friday evening, April 14th; election of officers; payment of dues. Imogene Bicking, Sec.

Mr. and Mrs. A. G. Leonard and Miss Zaida Steele visited the Noble school district, Detroit, on Tuesday night. Miss Ida Steele and Miss Mildred Adams are teachers in this school. This was an evening session as a part of "know your school" week which is being observed in the Detroit schools this week.

## To Telephone Users---

### A Giant Cut The Wires

Our entire long distance wire system in southern Michigan, and many of our smaller exchanges was crushed and wrecked in the sleet storm a week ago.

Every city suffered, even those not touched by the storm, because of severed lines to other points.

The material loss is very great. The cost to business cannot be estimated.

But our men, augmented by hundreds, pushed out into the storm zone by train, by truck and on foot, working night and day to restore service.

We realize the importance of the wires to the conduct of business and to the people of our cities and our country districts. Therefore we are doing our utmost to re-establish the lines of business and social communication.

But, the wire system that took years to build and perfect and that was destroyed in a night, cannot be rebuilt in a day.

We, therefore, appeal to all users of the telephone to be patient in this emergency.

Our promise is, that the emergency service already established will be strengthened rapidly and that permanent reconstruction will be pushed with all speed.

Michigan State Telephone Co.

FRANZ C. KUHN, President.

### LINER COLUMN.

## That's Our Business

### LOST AUTOMOBILE IS UNEARTHED

San Diego, Cal., experienced a flood six years ago that did great damage. Among other things, cars and wagons were carried off by the surging tides. A fiver was among the victims. It was recently unearthed and an enterprising dealer bought the ruins. The gas tank still contained some 1000 high test gasoline and one of the tires still contained the original air pumped into it at the time of the flood. A little repainting, new spark plugs and a substitution of new wheels for the rotted ones, and the bus is now running as well as it ever did.
