## WOMAN GIVEN LONG SENTENCE

WIFE OF RICH TRAVERSE CITY MANUFACTURER MUST SERVE 15 TO 20 YEARS.

TOOK PART IN BANK HOLDUP

Man Who Confessed Robbery Was Staged By Him Also Sentenced By Judge At Grand Rapids.

Grand Rapids, Mich.—Mrs. Alice Eyer, wife of a wealthy Traverse City potato chip manufacturer, is said to be the first woman in Michigan to go to prison for complicity in the holdup and robbery of a bank.

Her two daughters live in Chicago. Judge Major L. Dunham has sentenced Mrs. Eyer to serve 15 to 20 years, with the recommendation that she be placed in the Detroit house of correction. She was convicted of planning and taking part in the holdup and robbery of the Leonard street branch of the Grand Rapids Savings bank at noon, March 3, when \$1,200 was purloined.

Ethan Allen Conklin, son of a Rockford preacher, confessed that he and Mrs. Allen planned the robbery, which was staged by him and his son. He said he took the loot to Mrs. Eyer, who started for Chicago with it immediately.

Conklin was arrested shortly after and as a result of his story, Mrs. Eyer was captured on the train at Kalamazoo.

Conklin was sentenced to serve 10 to 20 years in Marquette prison. His son was placed on deferred sentence.

FLOOD SWEEPS ILLINOIS CITY

10,000 Acres of Land Flooded When Creek Levee Breaks Thru.

Beardstown, Ill.—Another storm, driven by a heavy wind, lashed the flooded city of Beardstown Sunday night, and the gas plant was momentarily threatened with suspension. Electric light service from Keokuk, Ia., was interrupted. The dining room in a restaurant was the only downtown floor above water Sunday night.

The Cole creek levee, protecting 10,000 acres of land across the river from Beardstown, went out late Sunday. The river went through the 75-yard break with a rush, carrying four loaded flat cars with it, and covering the land under 15 feet of water.

Farmers had been warned of the threatened break and made their escape, but much live stock was lost.

RUSSIA RECOGNIZES WAR DEBT

Report From Genoa Says Soviet Agrees to Pay Allied Claims.

London.—An Exchange Telegraph dispatch from Genoa said that the economic conference had reached a complete agreement, the Russians agreeing to recognize Russia's debts. A high French authority has stated that France was willing to open the reparations question in an international conference in which the United States takes part. France, the informant added, also is willing to discuss reciprocal cancellation of debts.

MAYOR TO CUT FLINT PAYROLL

New Executive Announces That Salaries Will Be Slashed.

Pilot—A general cutting of salaries affecting practically every department, including executives, but excepting the fire department, is on the program of Mayor William H. McKeigan. The mayor says he plans to cut \$150,000 from the payroll, including \$50,000 in the police department. The mayor has been meeting with the finance committee, considering a reduction in departmental expenses.

SEIZED LIQUOR IS SET ON FIRE

Crowd Blamed for Pouring Oil and Destroying "Evidence."

Jersey City, N. J.—A truck loaded with beer, confiscated by prohibition agents in a raid on a cafe, was destroyed by fire. It was reported that oil had been thrown on the load by a crowd of men onlookers, and a lighted match followed. The dry agents formed a bucket brigade and summoned the fire department in a vain effort to save the "evidence" of their raid.

HOUSE VOTES FOR BIGGER NAVY

Amendment to Bill Provides for Personnel of 64,000 Men.

Washington—With nearly 50 votes to spare, "big navy" was put through the house by vote of 177 to 130, an amendment to the 1923 naval bill, increasing the enlisted force from 57,000 to 64,000.

Shot at from all sides the bill, as framed by the appropriations committee, and opposed by President Harding, wobbled at times like a trail craft—then went down by the head.

New Bank Home.

Bids for construction of the magnificent eight story bank and office building to be erected at the northwest corner of Saginaw and Lawrence streets for the Pontiac Commercial and Savings Bank are being received today at the office of the bank's architects, Smith, Hinchman and Grylls, in Detroit, the Pontiac Press says.

All bids were to have been in by noon today, according to Charles J. Merz, vice-president of the bank, and will be tabulated by the architects and presented for consideration tomorrow afternoon at a special meeting of the building committee of the bank.

Wrecking of the remainder of the old buildings will be carried on as rapidly as is possible, it is announced today, and will be completed in plenty of time for the start of construction work. Because of the nature of the south wall of the building, formerly occupied by the east side branch of the bank, it will be necessary to make the north wall of the new building a joint wall with it, and it is therefore not desired to complete wrecking operations until construction is under way and proper provision can be made for support of the existing wall.

Sad Mystery Solved.

The mysterious disappearance of Raeburn Besse and his two little sons, in Detroit the fore part of March has been solved. Their bodies were found in the Detroit river. Besse threatened to do away with his sons just to make his wife suffer.

"He Will Not Move a Mussel."

A Coney Island barker's speech is recalled by Marc Connelly thus: "Sir Ed-board, the man with a face of stone. He will not laugh; he will not smile. Mock him, scoff him, jeer, jest, or jape. He will not move a mussel of the face. Sir Ed-board believes that laughter, like grief, pain, sorrow or any other emotion, can be controlled by the mussels of the face. Should any lady make Sir Ed-board laugh he has a standing offer to either forfeit ten thousand dollars or marry her."—New York Tribune.
