#### Instead of kalsomine or wallpaper

It is absolutely necessary if you expect Alabastine results that you ask for and secure Alabastine.

Avoid kalsomines under various names and insist on the package with the cross and circle printed in red. That is the only way to be sure you are getting the genuine Alabastine.

Alabastine is easy to mix and apply, lasting in its results, and absolutely sanitary.

Alabastine is a dry powder, put up in five-pound packages, white and beau-tiful tints, ready to mix and use by the addition of cold water, and with full direc-tions on each package. Every aberdage of grayman dlabastine has cross and circle printed in red.

R. BROWN had swallowed his lunch and had paid his bill. Cautiously he counted his change. "Here!" he said, sharply, "Take back this plugged nickel and give me a good one!"

Mr. Brown walked proudly out. They couldn't fool old Brown.

But old Brown had fooled himself.

Brown's day was heavy and dull. He lacked "pep." There was a mid-afternoon drowsy spell when he needed to be awake—the direct and hatural result of heavy, starchy breakfasts and lunches, taken on faith and without question as to value—just because the food looked and tasted like food.

Thousands of shrewd business men who count their change, take their food for granted.

That's what builds up the sani-tarium business, and puts the tired "all-done" feeling into the mid-afternoon of a business day.

Grape-Nuts is a scientific food whose delicious, appetizing flavor and crispness are an introduction to well-balanced nourishment—a nourishment easily and quickly assimilated, so that body, brain and nerves are well fed and kept free of the stored up poisons left by so many ill-selected foods.

Served with cream or good milk, Grape-Nuts is a complete 100d, al-ways ready, always a delight to the taste—and always a safe selection for the man who thinks his stomach is entitled to some of the same pro-tection he gives to his pocket.
