

Little Girls

"There was a little girl and she had a little curl, right in the middle of her forehead," etc.

Well, she didn't remain a little girl for very long. She soon passed the "little curl" stage and became a woman—and that means a voter in these days and maybe was elected to Congress. Times have changed for the women folks. They are now supposed to be the equal of the men—possibly they have always been superior for all we know, but we do know that every little girl should be taught something about modern banking by having an account of her own. The experience is sure to be helpful in after life.

On Friday last Mr. and Mrs. Francis Sanford drove in from Howell bringing Mrs. Sanford's father who though in failing health, was able to enjoy a visit with his sister, Miss Esther Boynton.

MAGNETIC HEALING

Controls Your Health, and When Properly Treated by the Famous Weltner Method of Mental Healing Insures Perfect Health.

The highly sensitized system of nerves with which our bodies are supplied, is like an electric plant, supplying as it does, the entire body, every cell and fiber of the body, controlling blood currents and keeping the working parts in order. And like any electric system any part of it is liable to become short circuited and the rest of the divisions suffer accordingly.

Do not let your energy be switched into wrong channels.

Do not let your nerve force run down. Everyone owes it to himself to be well, and strong. Keep your nervous system right and you will be all right. My ten years' experience proves he claim that my Magnetic Healing method of treating broken-down, weak and impoverished nerves has no equal. It builds, it tones, it prevents waste, it regenerates life. It restores hope and ambition.

You may judge what I can do for you by what I have done for others who were afflicted much the same as yourself. If you are sick, crippled, or lame you can be made well and strong.

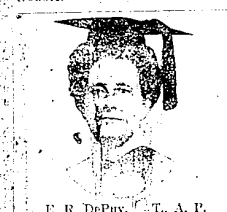

To successfully treat that disease one must first understand how to remove the cause of the disturbance and then it is essential that one understand its law to restore the proper electric current to the diseased parts thereby transmitting the intelligence that chooses from the blood the proper ingredients to rebuild the diseased tissue.

The blood is the life, but there is no intelligence in the blood and the proper direction is governed by the nerve supply.

It matters not how many times your case has been pronounced incurable nor how many times you have been told that an operation was the only chance for you. Come and have a private talk with me and perhaps I can refer you to some person that has been cured of a similar trouble.

I specialize in all acute and chronic diseases. I specialize on the liver. Abnormal growths removed, deformities corrected, and health restored without the use of medicine, surgery or material means.

I can remove the cause of your trouble.

E. R. DePuy, T. A. P.

Read the following testimony.

Others will appear.

"Thinking this may be a benefit to others, I have dared to write it to the public.

I had a severe sickness that resulted in Blood Poisoning and from then on I had Nervous Convulsions and Nervous Headaches, in time a bunch came in my side that caused me severe pain. I had the Convulsions as often as once a week, two or three at a time, and have had as many as 22 in eight hours. After the convulsions I would be weak for a day or two. In the nerve center at the back of the neck was a sore spot that would pain me most of the time. I can truthfully say I feel free from all the pain and the bunch in my side has disappeared also. I have taken only 21 treatments and have not had any Convulsions in over six months. I feel I will never have any more trouble of the kind again.

When I commenced taking treatments of E. R. DePuy I was almost on the verge of a nervous breakdown. I could not ride or walk any distance on account of my side, but now I can take long rides and walk as far as I wish without any pain.

Any person who would like to know what the treatment has done for me can call or write and I will gladly tell them. I wish to say I am very grateful to E. R. DePuy for the treatment, have been a great benefit to me.

Mrs. Ernest W. Foote, Grand Lodge, Mich.

I have known Mrs. E. R. DePuy from Ann Arbor for a number of years and have received much benefit from her treatment at dif-

ferent times. She is a graduate of the Weltner School of Sug-gestive Therapeutics at Nevada, Missouri; and has also taken a course in applied psychology. She uses the electrical vibrator and violet ray when advisable.

Ida Steele Consultations and advice absolutely without any charge whatever. Call at my office or write for home, or absent treatment.

I will be at Farmington for a short time on Wednesday and Saturdays from 2:00 to 4:30 p. m., at the residence of Misses Ida and Zaidee Steele, on Grand River Ave., 3 doors east of School street. Get off car at School street. Tel. 98 (Bell).

Yours for health,
E. R. DePuy, S. L. and A. P.
Adv. 32-2-c.

NOXIOUS WEEDS

Must be cut down and destroyed on or before July 1st (or July 15th in Northern Counties).

Act. No. 66, Public Acts of 1919, makes it the duty of every owner, possessor or occupier of land or of every person or persons, firm or corporation having charge of any lands in this state to cut or cause to be cut down and destroyed all Canada thistles, milkweed, (Asclepias Cornutus), wild carrots, or eye daisies, or other noxious weeds growing thereon, at least once in each year, before the first day of July in Townships South of Range Sixteen North and before the fifteenth day of July in Townships North of Range Sixteen North, and as much often as necessary to prevent them from getting seed, and if any owner, possessor or occupier of land, or any person or persons, firm or corporation having charge of any lands in this state shall, knowingly, suffer any Canada thistles, milkweeds, wild carrots, or other noxious weeds to grow thereon or shall suffer the seeds to ripen, so as to cause or endanger the spread thereof, he or they shall, on conviction, in any court of competent jurisdiction be liable to a fine of ten dollars, together with the costs of prosecution, for every such offense and he or they shall pay the cost of cutting and destroying such weeds.

Sec. 2. It shall be the duty of the Commissioner of Highways in road district to give general notice in the following manner to every owner, possessor or occupier of land and to every person or persons, firm or corporation having charge of any lands in this state, wherein noxious weeds are growing, to cut and destroy such noxious weeds.—Four notices, each not less than one foot square, shall be printed in clear, readable type and posted one in each of four conspicuous places in the road districts and notices shall also be published in some local paper having a general circulation in the Township. These notices shall set forth the fact that all noxious weeds must be cut or destroyed before a certain date, which date may be fixed by the commissioner. The posting and publishing of such notices shall take place at least ten days prior to the date upon which the weeds must be cut and such notice may read as follows:—

To owners, possessors or occupiers of land, or any person or persons, firm or corporation having charge of any lands in this State: Notice is hereby given that all Noxious Weeds growing on any land in the Township of Farmington, County of Oakland, State of Michigan, must be cut down and destroyed on or before the First day of July, A. D. nineteen hundred and twenty-two.

Also, at the time of posting said notices to mail a copy of the same to every owner, possessor, occupant or occupier of land and to every person or persons, firm or corporation having charge of any lands in this state, wherein noxious weeds are growing, whose post office address is known.

Failure to comply with this notice or to perform the duty mentioned within ten days thereafter shall make the parties so failing liable for the costs of cutting same, to be levied and collected against the property in the same manner as other taxes are levied and collected.

Brief Summary of Noxious Weed Law. Sec. 3. In case the owner, possessor or occupier of land or the person or persons, firm or corporation having charge of any land shall refuse or neglect to comply with such notice and to cut the weeds on or before the date stated in such notice or within ten days thereafter, it shall be the duty of the highway commissioner and overseer of highways, or some one whom said overseer may employ, to assist in carrying out the work to enter upon the land and to cause

Thomas L. Irving
PROPRIETOR

JAMES HOGLE, Clerk.

All such noxious weeds to be cut down with as little damage to growing crops as may be, and he shall not be liable to be sued in any action of trespass therefor.

Sec. 4. Highway commissioners and overseers of highways shall keep an accurate account of the expenses incurred by them in carrying out the provisions of section three of this act with respect to each parcel of land entered upon therefor and shall make a sworn statement of such account and present the same to the township board of the township in which the expense was incurred. The township board is hereby authorized and required to audit, and allow such account and order the same to be paid from the funds for general township purpose of said township out of any moneys in the township treasury not otherwise appropriated.

Sec. 4. The supervisor of the township shall cause all such expenditures to be several times levied on the lands on which such expenditures were made, and the same shall become a lien upon said land and shall be collected in the same manner as other township taxes are collected; the same when collected shall be paid into the general township fund to reimburse the outlay therefrom as aforesaid.

Sec. 6. It shall be the duty of the highway commissioner and overseer of highways to cut all noxious weeds on State lands, school land and so forth and all brush and noxious weeds on highways passing by or through the same and the cost of same shall be allowed by the township board and paid by the township treasurer of the township in which such land is located.

Sec. 8. It shall be the duty of the highway commissioner and the overseer of highways in each road district to see that the provisions of this act are carried out within the limits of his road district. Any highway commissioner or overseer of highway commissioner in any city who shall refuse or neglect to perform the duty required by this act shall be deemed guilty of a misdemeanor and upon conviction thereof in a court of competent jurisdiction shall be punished by a fine of not less than ten (\$10.00) dollars nor more than twenty-five (\$25.00) dollars together with the costs of prosecution, or by imprisonment in the county jail for a period not exceeding thirty days, or by both such fine and imprisonment in the discretion of the court.

Sec. 9. It shall be the duty of the prosecuting attorney of the county to prosecute all violations of the provisions of this act which shall come to his knowledge.

WM. A. PANGBORN,
Highway Commissioner, Township of Farmington, County of Oakland, Michigan.
Dated June 15, 1922.
