IRS Has New Phone Number

Not only is Internal Revenue Service introducing an all new federal income tax form this year, but it is also announcing a new information and assistance telephone number for Detroit area taxpayers.

The old number used by Internal Revenue during many tax filing periods had to be changed due to the heavy load of calls being carried by that exchange.

The new Federal tax assistance telephone number in Detroit is 964-6900. The IRS advises taxpayers to make note of the number because it is different than the one appearing in the current telephone directory.

The special assistance number will be in use during the 1970 filing period, Jan. 2, to April 15.

New Heart Technique Taught Here

Nursing students learned the new first aid technique of "cardiopulmonary resuscitation" (CPR) at Schoolcraft Community College, Wednesday, says Dr. Edward W. Green, president of the Michigan Heart Association announced today.

Charles Parker of 35505 Booth, Westland, a MHA qualified instructor, taught the two-hour afternoon session. It included actual practice of the technique on a special manikin.

The Michigan Heart Association, a Michigan United Foundation agency, has taught CPR to more than 120,000 Michiganders during the past six years.

The purpose of CPR is to push enough oxygen-carrying blood through the body to avert brain damage which can be fatal within a very few minutes," Parker said.

Marygrove Offers 12 Courses

DETROIT Twelve 10-week non-credit courses in accounting, mathematics, art, biology, economics, English, music, reading, and journalism will be offered at Marygrove College from 7 to 9:30 p.m. Mondays and Wednesdays, starting Jan. 19.

Registration is now open. Tuition is \$20 a course. For registration information, call 862-8000, ext. 220. The college is at McNichols and Wyoming. "This is a community service," advised Michael Krause, director of the adult education committee. "Faculty have volunteered to teach and without marks or tests for these non-credit courses, the adult student can concentrate on learning for the sake of knowledge."
