GOOD WILL

It's not what we have done for our customers, but it's the way we have done it, that has secured their good will.

It's not attending to the routine banking functions which we're obliged to perform, but it's the going out of our way voluntarily to be helpful to all, that has made people speak well of us.

Helpfulness, or courtesy in action, is not selective in this bank. We never hesitate before rendering a service, nor discriminate between customers—all are valued friends.

We cordially invite everyone to use this service which our depositors have found so helpful, and which has given to us our biggest asset—their good will.
