HOGG'S REMEDY

Barefort Memories,

"A labour fell 11 mories and fell
ont a pile of sand inhurt." He may
have handed without any serious injuries, but if the reporter thinks it
doesn't hort to fall on sand he has
never put in his boyhood vacatious
jumping from the top of box cars into
cars filled with sand. If s' fun once or
twice, and then the novelty wears off.
The ideal jumping material is scarce
and the senson is short—flax seed. To
jump from a box cir into a wagonload of flax seed is a privilege known
to comparatively few. It gives all the
early pleasant sensations of landing
in quicks, and, without the dangers.

—Kansas City Star.

Men With Tools Enabled to Reach Threatened Broak in Levee and Stop Rising Waters.

Threatened Break in Levee and Stop Rising Waters.

(Prepared by the United States Department A foderni-aid road has Just been completed in Arkansas which has aiready saved millions of dollars to the community in which it is built. Recently during high water in the Mississippl word came to Helena, Ark., that the levee at Old Town, 17 miles away, was about to brenk. The situation was critical. A few hours' delay and thousands of acress of Fichical many lived and would be indeed to the situation was critical. A few hours' delay and many lived and material were needed. Every nearly lived and material were needed. Every realizable motor' whiche was pressed into service and over 600 men, properly equipped for the work, were in a short time speeding over the new road to save the levee. They arrived in the nick of time and by almost superhuman efforts dammed back the rising waters. Residents say that had it been necessary to make the trip over the old road the levee could not have been receased in time and that the workers would have needed busts rather than motor vehicles. Source of aid, and many men with tools and material ween needed. Every nathable motor 'vehicle was pressed into service and over 000 men, properly equipped for the work, were in the short time speeding overally and to save the leves the property of the state of the service of
