YOUR STORE LIGHTING

Are you doing as much business as you feel you
have a right to expect? If not, the trouble may be
with your lighting.

It has been shown over and over again that as be-
tween a store with brightly lighted show windows
and skilfully illuminated interior; and another where
the lighting is of the old-fashioned kind so commonly
found, the first will attract from 25 to 50 per cent
more customers.

And the additional expenses will be only a very small por-
tion of the increased profits.
Ask us to inspect your equipment and suggest improvements.
No charge made for this service.
