Henry Ford Hospital.

DuBour says there's a great difference for a patient who can remain
name with loved ones and still get the
expert care they require. "We try to
have the patient remain at home, but
sometimes a family needs a break."

PATIENTS who come to the hospice

must know that they are terminal.

'And they have to have a life expectancy measured in days and weeks, at most, months, 'buffour saye.

When death occurs a bereavement service helps the family for as long as necessary. And though the hospice is non-denominational, religious practice is encouraged with a chapel and chapilain provided.

The hospite visiting hours are 24 hours a day, every day, for everyone.
