public safety violators should be ticketed, either consistently with low fines or randomly with high ones. If it isn't, let us remove the signs and let law-abiding citizens park close to the store, on the indisputable theory that the snow falls as wet and cold on those of us who obey the law as those who don't. In addition to preventing a possible tragedy in case of fire in the store, the city might even generate a little revenue.

### Help For Diabetics

I think we should give the diabetics another chance. When cyclamates were found harmful, diabetics lost most of their pleasures. Somebody should come out with a cyclamate substitute so diabetics can enjoy beverages again.

### Youngster Presses

I congratulate the president and the 91st Congress who are now acting on the pollution problem. However, we should spend more money on the fight against pollution and less money on the space program. The space on earth is more important than the space in the sky at this time.

## A Father Says Thanks

On Feb. 6, my son Dennis ("Skip") Kruse, was alone washing his car in a wash rack located on Beech Daly in Redford Township. Two hoodlums entered and attempted to rob him. In the ensuing scuffle, my son was shot. Both times, my son was shot. Both times, my son was shot. Both times, my son was shot.

I wish to express, publicly, my deepest gratitude to those who helped my son at the State restaurant. Both times, my son was shot. Both times, my son was shot. Both times, my son was shot.

May God bless everyone of them.  
REV. STANLEY B. KRUSE
