That's the wicked witch of the west on the viewing screen at the 12 Mile Road library in Farmington Hills. Seated around the set are (from left) Amanda O'Hair, 9, Jessica Woodson, 7, Sonja Rajkovic, 10,

Tracey Parnin, 4, Amy Parnin, 7 and Brian Parnin, 9, standing in the rear. A number of different programs are available for viewing.

What is current in electrical codes

Changes in the National Electrical Code for 1981 is the subject of a course Feb. 4 to March 25 at Lawrence Institute of Technology (LIT).

Sponsored by the school for associate studies, the course is designed for electricians, electrical engineers, building inspectors, fire department personnel and others who supervise or certify electrical installations.

The course will acquaint participants with the many requirements necessary for meeting professional standards and

Students to attend Model United Nations

Nine students from Our Lady of Mercy High School in Farmington Hills have been invited to participate in the 13th annual North American Invitational Model United Nations in Washington D.C. from Feb. 12-15.

Because of its performance in the past, Mercy was given the honor of representing one of the five major world powers, that of the U.S. Department of State on Feb. 11.

During the four-day sessions, students will consider such problems as the rights of refugees, terrorism, holding of hostages, the role of multinational corporations, biological-chemical weapons and the non-use of military force.

Chosen to attend as representatives from Mercy are Kathy Brazil of Birmingham, Cathy Bonczak of West Bloomfield, Elizabeth Feorg of Detroit, Lori Mirek of Southfield, Raissa Radell of Rochester, George Elizabeth Kirchner of Detroit, Julie and Alisa Scherer of Redford, Mary Miller of Detroit and Yvette Nickerson, also of Detroit.

The students will be accompanied by Eileen Wagner, faculty sponsor of the Model United Nations.

Artist to be guest speaker

Farmington artist Edee Joppich will be the guest speaker at the Feb. 23 meeting of Palette & Brush Club, Ms. Joppich will speak on "Experimental Methods in Mixed Media and Collage."

The program will begin with a general meeting at 1:30 a.m. at MCL Cafeteria in Tel-Twelve Mall, Southfield.

FREE CONTOUR ANALYSIS EXAMINATION FOR VICTIMS OF CHRONIC OR ACUTE PAIN

A free Contour Analysis examination is being offered for people with acute or chronic pain by the chiropractic office listed below. People who suffer with backache, bursitis, arthritis, neuralgia, nerve pain, neck pain, muscle pain, bone pain, etc...are invited to receive this free examination.

Contour Analysis enables taking a three-dimensional picture (called Moire photography) of the topography of the surface of the spine to detect spinal stress deviations. This analysis will be correlated with leg deficiency, patient symptomatology, and levels of spinal tenderness. An analysis of this type can reveal such things as normal and abnormal stress patterns, spinal curvature, muscle spasms, muscle imbalance, spinal distortion, and scoliosis. This analysis, including consultation with the doctor is being offered to the public at no charge for the next 30 days. Anyone wishing to receive this free examination may telephone for information or an appointment.
