

Blue Cross offers 'syndrome' hotline

Information on Toxic Shock Syndrome (TSS) is now available by calling Tel-Med, a free medical-information service sponsored by Blue Cross and

Blue Shield of Michigan and the Wayne County Medical Society.

This latest three-minute tape recording joins the hundreds of tapes, written by physicians, which Detroit area callers can hear by phoning 393-1976.

The Toxic Shock Syndrome tape includes the following information:

- TSS is a newly recognized disease which affects young women during their menstrual periods.
- Symptoms include sudden high fe-

ver, vomiting, diarrhea, and sudden drop in blood pressure.

Tel-Med operators are on duty from 11 a.m. to 9 p.m. Monday through Friday, and 11 a.m. to 7 p.m. Saturday.

For a free brochure listing all of the tape subjects, send a self-addressed, stamped envelope to Community Relations, Blue Cross and Blue Shield of Michigan, 600 Lafayette East, Detroit 48226.

Brodhead elected chairman of Democratic study group

Congressman William M. Brodhead, D-Detroit, has been elected as chairman of the Democratic Study Group (D.S.G.), a research and issues organization made up of most of the Democratic members of Congress.

Brodhead succeeds Congressman David R. Obey, D-Wis., in the chairmanship which is limited to one two-year term.

"Considering the fact that Republicans control the membership of White House and Senate, it is vital that Democrats in the House unify. The membership of the D.S.G. encompasses liberals, moderates and conservatives. We can

accomplish nothing unless we work together. Strengthening that working relationship will be my goal in the next two years," said Brodhead.

Brodhead spoke of the need to cut wasteful federal spending, balance the budget and control the inflation, which he says is ravaging American families. "I think that Democrats and Republicans alike can agree on these goals," he said. "The real debate will be on establishing national priorities. We must be sure that the burden of achieving these economic goals is spread equitably across our society."
