

MORNING STAR.

More Detroiters listen to J.P. McCarthy in the morning than any other radio program.*

And it's been that way for an incredible 15 straight years.

Maybe it's the way J.P. gets people plugged into the world with a special kind of humor, surprise and insight. Plus lively interviews, news, sports, traffic and weather to

keep you right on top of everything that's happening.

Whatever the reasons, we'd like to say "Thanks" for continuing to make J.P. and WJR number one in Detroit radio.
