NEW HEALTH FACILITY NOW OPEN

OPEN SIX DAYS A WEEK
MONDAY THROUGH SATURDAY 8 a.m. - 7 p.m.

A Message from Dr. Kotila

We are now able to welcome you to our new office facility in Farmington Hills. The new Kotila Chiropractic Life center is one of the largest in Michigan and certainly one of the most modern.

- In planning and building the Center we kept in mind our pledges to our patients: Your visit will be as comfortable as possible.
- We made a substantial investment in equipment and furnishings so the staff will be able to provide the most efficient service for you.
- We expanded our day-care area. And throughout the Center, we made sure the decor is pleasant and relaxing.
- In our reception area, we are installing a series of television monitors so you will be able to be informed about how Chiropractic has helped others and how it may help you and your family.
- Outside we installed a paved, lighted parking lot and made sure that access to the building is easy and convenient.

There is no charge for your initial consultation or adjustment. Or if you just want to stop and ask for information about how Chiropractic can help you and your family, that is fine.

Sincerely,
 Gary Kotila, D.C.

Medication No Help

I heard about Chiropractic through friends. At that time I was suffering from headaches, stomach pain and back tension. I felt very tense, nervous and - was not sleeping. Medication did not seem to help at all. After visiting the Kotila Chiropractic Clinic, I felt an almost immediate change. I now feel stronger, more alert and I'm sleeping much better. I am glad I chose Chiropractic and would recommend it to everyone.
