Young actress awarded grant

A 12-year-old Farmington Hills girl has been awarded the Edna Chaffee Noble Alumni and Speech Club Scholarship for excellence in theater arts.

Gretchen Kramp will use the award for study of play production, scene study and psychology of acting at the Will-O-Way Apprentice Theater this summer.

The Edna Chaffee Noble Alumni and Speech Club Scholarship is given each year to a deserving student within the Will-O-Way study program.

Miss Kramp began her training at Will-O-Way as a 10-year-old with her sights already set on a career in drama and the theater.

She first played in "Fiddler on the Roof," then was Brigitta von Trapp in "The Sound of Music."

have children in the schools," she says.

"There are ways of getting people into the schools besides through community education programs," says Mrs. Ditzhazy.

she has something to offer the educational future of the area.

"I communicate well with the group of people in the community who don't

White Motors chief resigns

Keith P. Mazurek has resigned as president, chief operating officer and a director of White Motor Corporation upon mutual agreement with White's Board of Directors, the company announced.

White Motor filed under Chapter II of the U.S. Bankruptcy Code in September, 1980 and subsequently has divested itself of its farm equipment operations worldwide and its Canadian and Australian heavy-duty truck operations.

The company currently is negotiating with AB Volvo of Sweden for the sale of almost all of its domestic truck assets.

Jervis Webb is host

Mexico, England, Yugoslavia and Australia.

"Furthermore, we believe that when mass-production technology is introduced on a large scale in developing countries, the Jervis B. Webb Co. and its licensees will be major factors in that development."

Licensing agreements ensure that Webb patents and materials handling technology are made available to licensees for application to their clients' industrial needs.

Webb, with world headquarters in Farmington Hills, was founded in Detroit in 1919 by Jervis B. Webb, who supplied the first in-floor chain conveyor for Henry Ford's mass-production automobile assembly lines.
