# Scholarships awarded

Farmington-area residents were among students from Albion College recently winning Webster Scholarships and Presidential Recognition Awards.

Webster Scholarships are awarded on the basis of academic achievement and extracurricular activities. High school seniors with a minimum 3.5 grade-point average are considered for the awards, which are named for William C. Webster, 87, a nationally known economics professor and businessman.

Students from the Farmington area are: Michael Schafer, Brother Rice High School; Susan Murphy, Farmington High School; Kathryn Richardson,

Farmington High School; Jeffrey Murphy, Harrison High School; and Danielle O'Donohue, Our Lady of Mercy High School.

The Presidential Recognition Awards are given to entering freshmen on the basis of outstanding academic achievement and extracurricular activities. High school seniors in the top 5 percent of their class are considered for the awards.

Both are available without regard to need and are renewable each year if the student maintains high academic standards.

## Caring...

There's something special about the kind of assistance-families receive from the staff at McCabe's. It's called "caring"—the reflection of a sincere desire on our part to help during some of life's most trying moments.

The 87 years that we've been serving Detroit-area families have taught us much about what is of lasting value. We've learned that of all human relationships, perhaps the most precious is the act of one person caring for another.

Whenever a problem arises where you believe McCabe's can be of help, please feel free to call us. Anytime. That's why we're here... because we care.
