

Motocross planned in Oakland County

Professionals and amateurs will be speeding around the Waterford Oaks Bike Motocross track for one of the biggest BMX races in the country August 1-2.

More than 1,500 bikers from around the country will be racing in the American Bicycle Association (ABA) Great Lakes Bike Motocross Nationals on Michigan's only public BMX track.

Pros like Brent Patterson and Denny Davidson, both from California, will thrill spectators with their racing skills.

"They will be coming from California, Arizona, Texas, Florida and throughout the Midwest," said Nancy Phillips, BMX coordinator for the Oakland County Parks and Recreation Commission.

Part of the reason racers flock to the

ABA Nationals is the opportunity to receive double points on August 1 and triple points on August 2.

Phillips said the ABA works on a point system, where the racer accumulating the most points wins the championship for that division.

In preparation for the big race, the Waterford Oaks track is receiving several improvements.

"The track will be in excellent condition for the nationals," Phillips said.

Although the race is sponsored by the ABA, Oakland County Parks and Recreation has a battery of activities planned for the racers and spectators.

This includes breakfast both mornings, a free swim in the Wave-Action Pool for the racers and entertainment for everyone provided by the Oakland

County Parks Puppet Mobile.

The racers and spectators also can camp at the track at no cost Friday and Saturday nights.

A rider clinic will be taught by the ABA pros, July 31 from 1-3 p.m., at the track. The clinic cost is \$5.

"The pros will teach how to start in a race and give pointers on riding," Phillips said.

To race in the nationals, the participant must be an ABA member. Registration fees for the race are: \$17 for each of the regular classifications (beginner, novice, expert); \$14 for the open classification; and \$20 for the A-Pro and AA-Pro classifications.

As usual at Waterford Oaks, spectators can look on for free.

The Waterford Oaks BMX track is located behind the Wave-Action Pool on Scott Lake Road, in Pontiac.

For more information, phone 858-0915.

Erickson is president of Clarenceville board

Lorene F. Erickson has been elected president of the Clarenceville Board of Education by fellow board members for the 1981-82 school year.

Mrs. Erickson, a three-year member of the board, succeeds Richard Wood. She was secretary of the board for two years.

Re-elected vice president was Daniel Morrison. Barry Sherman was re-elected treasurer.

The new secretary of the school

board is Michael Mansore.

The Clarenceville district includes portions of Livonia and Farmington Hills. All board members live in Livonia.

The board meets at 7:30 p.m. on alternate Thursdays each month, with the exception of November and December, in Clarenceville Junior High School, 20210 Middlebelt Road. The next meeting is July 23.

Sales representative attends workshop

Mildred K. Ballantyne of Farmington is among 25 leading general agency field representatives of the John Hancock Mutual Life Insurance Co. who recently attended a retirement plans workshop at John Hancock Institute, the education facility of the company's home office.

The Institute utilizes the most modern video technology and training facilities available.

A resident of 36281 Grand River,

Ballantyne is office manager at the Detroit Keen General agency located at 18877 W. 10 Mile Road, Southfield.

Representatives are selected to attend the five-day session on the basis of outstanding sales achievements.

The workshop is designed to sharpen the skills of John Hancock representatives in advanced phases of multi-line financial planning with emphasis on retirement plans.

Here's how Chiropractic treats Leg Pains

It is not normal to have leg pains, whatever your age or activity. And to get relief with pain-killing medication merely covers up the health problem while the damage continues.

Structural imbalance is the underlying cause of many types of painful disorders, particularly those involving your legs and joints.

The doctor of chiropractic is a physician who employs a method that gives particular attention to the structural and neurological aspects of the body. He seeks to enable your body's natural restorative powers to operate, so as to allow the body to eliminate health problems, as well as associated discomfort.
