

Metallics are the rage this season and no one will want to venture out without at least one pair of shoes made from the shiny stuff. Pancaldi debuts a loden and gold metallic low-heeled pump, matched with a Donna Altman clutch bag in loden with bronze metallic accents. Another of Pancaldi's introduction is the neutral grey pump in two shades. From Sandilar.

It's the heel that counts, and this year they are lower than ever, even for night-time wear. On the left is a soft wine-colored suede shoe with a cotton bow attached, perfect for suit dressing or to go with pants. From Saks Fifth Avenue. On the right a new delicate heel, a version of stiletto, only cut short. Also to be worn with pants or skirts. From Roz and Sherm.
