## And discover how your finishing touch can give you more home for the money!

Since 1946, CAPP has made quality, custom-built, housing affordable for more than 60,000 families. And the reason is our unique, "Finish-It-Yourself House" concept.

CAPP Homes are pre-fab or modular. We build our homes the traditional beam-by-beam way, with the finest materials, on the lot and foundation you provide. When our carpenters leave, your custom-designed home is fully enclosed and ready for you to finish. Or, you can act as your own general contractor, hiring local help, and still come out money ahead. Either way, you'll get a home that is uniquely yours—one that will be worth far more than you paid for it the day you move in.
