Real Estate One advertisement with logo and text: 'OUR HOME SALES ARE UP! For the 4th consecutive month our sales have increased... because we work harder at selling houses.'

Castelli advertisement with logo and text: 'Selling your home feel like playing a game nobody wins? In today's market, it can seem that way. With not as many people buying, you feel you need to get much for your home as you should. And with interest rates, the potential buyer is sometimes forced out because of enormous payments. There are many ways around both of these problems. But, unless you sell real estate many of the solutions are unavailable to you. There are many Observer & Eccentric Area Realtors who can help you sell your home and get the price you want, and do it fast!
