CEILING INSULATION LOANS.

NO INTEREST. NO FOLIN'

When you take a loan from Consumers Power to insulate your ceiling, you can forget about the interest, all of it, if you qualify for an interest-free loan.

It's simple. Borrow up to \$1,000 for adding ceiling insulation to your home. Then take five years to pay it back—and never pay a penny of interest.

So now while the temperature's up and heating bills are down, think winter, insulate. Call your local Consumers Power office for details of the ceiling insulation loan that lets you keep the interest.

WE CAN HELP.
