

WE, THE UNDERSIGNED, ARE REPUBLICAN WOMEN WE ARE SUPPORTING DICK HEADLEE FOR GOVERNOR

We believe he has the leadership to bring new business to Michigan and create jobs for the nearly 700,000 unemployed. To us this is the Foremost issue in this campaign. As women, we do think it important that Dick Headlee's company provides "flex-time"; that nearly half of his top supervisory personnel are women; and that in his campaign organization three of the four top positions are held by women.

But there are even more important issues to us as women, as republicans, and as citizens of Michigan. These are jobs, taxes and spending, education, and leadership. Dick Headlee has the proven management skills and leadership ability to restore our economy. He knows how to attract new jobs for the unemployed. He has pledged to limit taxes, improve education, and reduce the cost and size of state government.

We are working to elect Richard Headlee Governor. The future of our state may depend on it.
