

I-696 wall plan to be hearing topic

A project to construct noise abatement walls along a one-mile section of planned I-696 freeway in Oakland County will be discussed at a public hearing in Royal Oak by the Michigan Department of Transportation (MDOT). The hearing will begin at 7:30 P.M., Tuesday, Dec. 14 at the Oakland County Elementary School, 2415 Brockton.

Informal "drop-in" sessions before the hearing also will be held for persons with questions on the project. They will be held from 3:30 p.m. to 5 p.m. and 7 p.m. to 9 p.m. on Tuesday, Dec. 7, in the Oakland Elementary School.

As planned, two walls would be built between the westbound service road and adjacent to residences in Royal Oak from Irving to Mohawk, and from Wyandotte to Hoffman.

Two other walls would be constructed between the freeway and service roads from just east of Campbell/Hilton Street to the interchange of I-696 and I-75.

Construction of this section of I-696 is scheduled to begin in the summer of 1983, with noise abatement wall construction planned for 1984.

Further information on the project is available from MDOT's I-696 Ombudsman Robert Tura at 549-7551. Information also is available by calling the department's toll-free number: 1-800-292-9578.

Dotted lines indicate where the Michigan Department of Transportation proposes that noise-abatement walls be constructed.

Ultima II Color / Brush Celebration

An \$80 value...only \$15 with any Ultima II purchase of 8.50 or more

A celebration of beauty—all the marvelous colors, all the custom designed brushes you need to design exquisite makeup after exquisite makeup. Ultima II makes it ever so easy for you to create vibrant day looks and festive night looks with this extravagant collection of face perfectors. An \$80 value...only \$15 with any Ultima II purchase of 8.50 or more. 276 bonus units available in Cosmetics while quantities last.

Merry Christmas
from Crowley's

The TI Computer Advantage Club. It's the smartest gift you can give.

TI Christmas, give your frills and family the gift of knowledge. A gift certificate to any of our Computer Advantage Club courses. Valuable courses they'll need to get ahead in the world today. All tomorrow. The certificate is good for a year. The computer skills they learn are good forever. To reserve a course, the recipient simply calls our toll-free number. Five different courses are being offered through 1983. Three for children, two for adults:

Children - Level I \$65
An introductory course featuring hands-on computer experience, with exposure to TI BASIC and TI LOGO.

Children - Level II \$65
Introduction to TI LOGO,

the most advanced children's educational programming language. In-depth problem-solving in mathematical, geometrical and logical concepts. For children 8 to 15.

Children - Level III (New) \$65
An introduction to programming concepts in TI BASIC through the use of sound, color, graphics, music and speech. For children 8 to 15.

Adult - Level I \$75
In-depth introduction to home computers, programming and applications for the entire family, with extensive programming in TI BASIC.

Adult - Level II (New) \$75
Programming instruction for beginners through hands-on

creation of programs using the features of the TI 99/4A and TI BASIC commands.

All courses include ten hours of instruction.

There is still time to register for December classes, plus receive a \$10 discount for the second family member enrolled in any course.

To order your gift certificates call toll-free 1-800-858-4069. In Texas, call 1-800-692-1318. Major credit cards accepted.
