mothers, and Scorpio women have a passion for life. "If her (a Scorpio woman's) husband happens to be that passion, he's got it made for life," Kendall said.

Gemini, Libra and Aquarius men make better second than first hus-

bands, Kendall said, because they require a lot of attention, something they probably can't get when young children are in the house.

In choosing a wedding date, couples may look to the meaning behind the number, Kendall said.

The first, 10th, 19th and 28th day of

the month signal a new beginning; the second, 11th, 20th and 29th are couple days, perfect for getting married on, she said.

The third, 12th, 21st and 30th are family days, good for couples who want to have children. The fourth, 13th, 22 and 31st are strong days; the fifth, 14th and 23rd are adventurous

and independent days, good for marriages between two.

The sixth, 15th and 24th days are affectionate, fun days. The seventh, 16th and 25th, quiet and spiritual. The eighth, 17th and 26th are business-oriented, better for starting up a business than marrying and the ninth, 18th and 27th are humanistic, romantic days.

## Your help is needed

We would like your help in reporting weddings and engagements.

Engagement information will be accepted until 60 days prior to the wedding. Wedding stories will be accepted up to 60 days after the wedding.

Photos accompanying stories should be black and white, preferably 5-by-7 inches in size. Other photos will be accepted.

People who wish to have their photos returned should mark the back of the photo "hold for pickup." They will be available about five days after the notice has appeared in the paper.

For your convenience, wedding and engagement forms are available at our offices and may be picked up between 9 a.m. and 5 p.m. weekdays.

All information should be returned to the suburban life editor.

similar interests."

"The computer can do anything you want it to," said Dave Vreeland, systems analyst for Online Design Inc., a Birmingham-based computer consulting and designing firm.

"If you put in vital attributes, something that correlates to a successful marriage, you can match those to people."

Men who value friendship and honesty as most important in a marriage,

for example, could be matched with women who feel the same way, he said.

However, Larry Reinhart, programmer analyst at Southfield's Lawrence Institute of Technology, believes that, while computers may match people for dates, they're too limited to match people for marriage.

"The problem with computers is they're purely logical," Reinhart said.

"When getting into marriage, that's emotions. Computers can't handle emotions."
