

This remodeled kitchen opens completely to the dining area for a smooth, flowing transition from one to the other. Custom pine cabinets, ceramic tile floor, island counter, drop lights and exposed stone walls create a kitchen/dining area that is modern but country in flavor.

Wallpaper: YOUR BEST DECORATING BARGAIN

- Visual Impact:** Walls surround us — always at eye level
- Optical Illusion:** Wallcovering can make an area appear larger or smaller
- Protects:** Wallcovering will take more abuse than a painted or paneled wall
- Maintenance:** Most wallcovering is washable — will stay new-looking for years
- Camouflages:** Wallcoverings will hide bad walls — can act like a "bandage" for damaged walls.
- Decorates:** Wallcovering will do more to unify a room (or whole house) than any other single furnishing
- Less Expensive:** Dollar for dollar wallcoverings provides more visual impact than other furnishings like carpet, window treatments, or furniture.
- Save Even More:** From now until Nov. 30 all wallcoverings 20-33 1/3% off
