Legion Auxiliary Seeks Members

FARMINGTON A membership drive has been started by Farmington American Legion Auxiliary Post 346 and an appeal is being made for wives of veterans to join.

The Farmington Auxiliary has been stressing enrollment of wives of Vietnam veterans but are also interested in the wives of WWI, WWII and Korean veterans.

The auxiliary meets at 8:30 p.m. on the first Thursday of each month in the Legion Hall on Grand River. Persons interested in joining may call Mrs. Ruth Hotz, president, at 476-1530.

A release appealing for new members states: "Recent weeks have seen a great upsurge of patriotic feeling. People are expressing their love of country and are looking for ways to make these expressions more effective."

"The members of the American Legion and the American Legion Auxiliary have never wavered in their patriotism or love of country. For this reason they are greatly encouraged by the change of attitude now taking place throughout the nation."

"It is no longer smart to put down patriotism—or to sarcastically refer to 'flag-waving'—the pendulum has swung. We feel that many who are not now members but are eligi-

ble to belong would really find satisfaction and enjoyment out of being a part of an organization that is conscious of its responsibilities to this great nation of ours and the men who sacrificed to protect its freedom."

Two Buick Bargains to believe in.

The lowest-priced Buick.

The 1970 Buick Skylark 2-door sedan. A great bargain because it's a Buick. It's built so well that even its drive train and chassis have been tuned to the special handling characteristics of the has-been-old Buicks that are standard equipment. So well designed that its cooling system literally protects itself against overheating, even with air conditioning. A bargain you can believe in because you can order it with a 280-horsepower, 4-barrel V8 engine that runs on regular gas. A bargain to believe in because it's sold and serviced by a dealer you can believe in.

GM's lowest-priced car.

Buick's Opel 2-door sedan. Its great price just became greater. Now \$1877! You can order it today. And what you get for the price is the same great Opel you could have had before the price reduction. You get a 4-speed stick shift. A standard 68-horsepower engine that delivers up to 30 miles on a gallon of regular gas. Bucket seats. And a long list of GM safety features. And more dealers in more places to serve you than any other import car. All six Opel models have new lower prices... even the exciting Opel GT has been reduced \$12,000 to \$13,328!
