

FOR RENT--SAFETY

We don't make the claim that our vault and safe deposit boxes are the strongest and safest in the country, but we do know that they are as strong and as safe as human ingenuity have been able to make them.

We do know that they are surrounded with every known safeguard. We do know that you can't get greater safety any place.

A few boxes of varied sizes are available for rent. They'll not last long, be assured of that, so if you need one, as you doubtless do, make your reservation now.

A few cents a day pays the bill.
