Excellent Varnish Stain.

For the oak-colored floor immediately will save the paint. A tin of Jif stain black—such as one uses for stove and ironwork—diluted to the requisite color and consistency with methylated spirits, gives the most beautiful oak varnish stain possible at very low cost. A floor already stained and grown shabby will, with perfection, be well washed and treated to a coat of this last-named mixture.

New Idea in Cigar Lighter.

A novel-looking cigar lighter resembles a telephone in appearance. What would be the receiver of the telephone is in this case the lighter, which is connected with a flexible tubing to the gas service. When the "receiver" is taken from the book, the gas is automatically turned on and lighted by an electric spark from a battery. When the user "hangs up," the light is extinguished.

Local News

WALLED LAKE NEWS

Golden Wedding
Married March 4, 1874, at the home of the bride, Mr. A. C. Bowen and Miss Edith Pittenger, by the Baptist minister of Wixom. They made their wedding trip by horse and buggy, visiting in Livingston county and returning to house-keeping in the same house where they have lived their fifty years of wedded life. Mr. Bowen purchased his farm 56 years ago and it is the only farm in this community which has not changed hands during that time. Mr. Bowen was eighty years old Nov. 12 and Mrs. Bowen is 78. Both are in very good health. Mr. and Mrs. J. R. Porter, who live with them, entertained a company of relatives and friends in honor of their anniversary. Three of the bride's brothers were present. Mr. Bowen is the last of his family.

A Mothers' and Daughters' banquet will be held at the school house Tuesday night, March 11. Supper will be furnished by the M. P. Ladies Aid and served by the men.

The Masons had a big Monday and shingled the old school house. They are papering and painting the inside and expect to have it ready to move their lodge into by the last of the week.

Mrs. Mat Vogler was able to be moved from St. Mary's hospital Sunday to the home of a relative in Detroit. She expects to be home in about a week.

Glycerine Mixture
Prevents Appendicitis

Simple glycerine, buckthorn bark etc., as mixed in Adlerika is excellent to guard against appendicitis. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gasses and poisons. Brings out matter you never thought was in your stomach. Helps any case gas on the stomach in TEN minutes. Stanley F. Smith, Druggist.

All the wood you need
is a match

Too often men forget to chop the wood and keep a supply handy for your kitchen range.

You can be independent of wood. Install a Florence Oil Range. Then all the wood you'll ever need is a match to light the range.

The Florence Oil Range keeps your kitchen cooler and cleaner. It is the easiest to keep clean. It gives all the heat you'll ever need—and only when you need it. It gives long service, and will be the best-looking piece of equipment in your kitchen.

Drop in and let us tell you more about the Florence. We would like to demonstrate and explain how the heated oil vapor in the Florence delivers an intensely hot blue flame close up under the cooking.

DIRTY LAMPS WASTE LIGHT

Your lamps and reflectors collect dust, which robs you of light. You bear a double loss—direct loss of current that you pay for and don't utilize—indirect loss in your sales; for your store is made less attractive to customers.

You may not realize that neglected lamps and reflectors may cut down the amount of your light as much as fifty per cent; or that a brightly lighted store means increased business, always.

Don't be afraid of soap and water. Keep your lamps clean. Add more, if necessary. Make your place bright and attractive. It pays big.
