

If You Own an Automobile
You Carry a Spare Tire

You'd no more think of starting on a long automobile trip without a spare tire than you would of starting without gasoline. You can't trust to luck in those things, you have got to be sure.

Life's the longest journey you'll ever take, and a savings account is the spare tire that will help you meet the emergencies along the road. You are not fully equipped without one. Start with a dollar if you like, but START NOW.

CLARENCEVILLE SCHOOL NOTES
Kindergarten—
The A section is working in the primer.
William Atkins is a new pupil in the kindergarten.
First Grade—
The following people were neither absent nor tardy last month: Marguerite Hazen, Pearl Hansel, Hilrie Johnson and Edward Speck.
Our sand table is appropriately decorated for Easter.
Second Grade—
In connection with our hygiene work we now have a Red Cross nurse. David Jones, the first nurse chosen by the children donated a splendid Red Cross arm band. The duties of the nurse in charge each week are to make daily inspections of the children in the room and report conditions to the hospital superintendent Mrs. LaBarge. At the expiration of the week each nurse appoints a nurse for the following week. No one not ranking high in personal hygiene may be appointed. Harriett Tyler is the new appointee.
We made very attractive posters of a little girl giving her kite and silhouettes designs of the "Mad March Hare," for the month of March. Today the children are making Easter posters for their parents, using the picture "The Boy with a Rabbit" by Raubina as a basis of their work.
The sand table, in the room is again a center of interest and is very attractively decorated with Easter baskets, nests of eggs hidden away, and guarded by cunning Easter bunnies and chickens. A background of flowering shrubs has been made by the children.
We are rapidly mastering the multiplication tables, and have learned the tables of twos, fives, tens and elevens this week.
Our bird booklets are progressing nicely and a collection of bird pictures is being made. Some of our boys are building bird houses as home work.
Third Grade—
In the spelling contest last Friday, Jack Johnson won first place and Ruth Rancier second.
We made Easter baskets last week and this week are coloring Easter eggs to put in them.
The boys and girls are bringing busy willows which are used in the art class.
We were entertained in Miss Habermehl's room last Friday with the playlet, "William Tell," given by the fourth grade.
We have our April calendar on the board.
Mrs. C. Witte and Mrs. John Wagner visited us last Friday afternoon. We would be pleased to have other mothers visit us.
We are learning to spell the April names this month.
Fourth Grade—
The language class entertained the third grade with the dramatization of "William Tell" last Friday.
Harold Rancier, Harold Manthey, Olive Tagan and James Estis are the star spellers this month.
Edward and Eugene Lint are new pupils in our grade.
The grade gave an entertainment for the P. T. A. last month impersonating various birds and telling of the good they do for people and their gardens.
We are enjoying some new language games.
Fifth Grade—
The boys are dramatizing "Pirate Perry and the Slovenly Sloop," and the girls "The Milk Fairies."
The following were neither absent nor tardy for the month: Milton Bailey, Ellen Johns, Leone Campbell, Donald Pelzer, Ruth Pelzer, Roy Reynolds and Vola Wurtzbacher.
An Easter border and calendar adds much to the appearance of our room.
Sixth and Seventh Grades—
The sixth grade had a test on the U. S. in geography last week. The new pupil in the sixth grade is Carl Miffler.
The nurse gave us a lesson on T. B. and its preventative one day last week.
Those neither absent nor tardy last month were: Frances Potte, Irene Barrand, Sinclair Gould, Clarence Wilding, Margaret Hough, Deitrick McFarland, Richard Fox and Fern Locker.
High School—
The high school, assisted by some of the lower grades, are working diligently in preparation for the Old Folks Keweenaw to be presented at the Clarenceville school, April 11th, and are assured that this will be an excellent show and entertainment.
The tenth graders have created a sensation as salesmen of forty boxes of choice rubber chocolate and rubber raisin candy bars which they expect to sell in forty days.
The ninth grade having satisfactorily passed the test in general science are taking up the study of biology for the balance of the semester and are planning on gathering and classifying the spring flowers.
The recent "anti-slang contest" between the ninth and tenth grades was fairly won by the ninth grade with several points

Oldest Slate Extant
In the Florence museum there is a schoolboy's slate 2,500 years old. Professor Halbherr says this is the most perfect specimen of an actual tablet for school exercises in Egypt. It is twenty-six letters run in Ptolemaic style from right to left and gives the Christian's creed of the time. It has been brought to southwest Italy by European colonists.
Exchangeable B. fits
Mrs. Blake—"It I want I want to put you before must stay at home they out" I mean—Missus (Mrs. Blake) the

to spare.
The eighth graders have completed their U. S. history work and are now studying classics.
The high school girls have organized an out door basket ball team and plan to start the ball rolling after the spring vacation.
The boys' base ball team is working out in regularity practice and some excellent material is being developed.
The ninth grade has two more weeks to serve as high school correspondent and believe that they have some good pieces for the other grades to follow.
