Plow for Sugar Plantations
A winneth plow that turns a furrow ten feet wide is said to be the latest improvement in the sugar plantations. Gates of blades that have a circular motion both turn and pulverize the soil at the same time. The plow is hauled by a 12-horsepower engine, with a gasoline tractor. Good favorable conditions the plow will turn over about 25 acres a day.

Making Calabashes
The calabash, a household heating utensil of the native Hawaiians, was carved out of wood with stone tools and the making required much skill.

Emphasis on Personal Pronoun
The columnist to do with our might what our logic find to do needs for most of us increased emphasis on the personal pronoun.

Travels of Frances Willard
In lecturing for temperance Frances E. Willard traveled 30,000 miles one year and averaged one meeting a day for 12 years.

Why Women Use Glycerine Mixture
Women appreciate the quick action of simple glycerine, buckthorn bark etc., as mixed in Ad-lerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Excellent for obstinate constipation and to guard against appendicitis. Helps any case gas on stomach in TEN minutes. Stanley F. Smith, Druggist. 3
