

Progressive Marriage Law
The Swedish marriage law is considered to be the most progressive marriage law in the world. Under its provisions husbands and wives are placed on exactly the same footing.

Roasting Coffee in Corsica
Coffee berries are always bright green and roasted over a fire of charcoal or maquis twigs in Corsica.

Kind of Army Wanted
What every nation wants is a standing army that no other nation is able to sit down upon.

Symbol of Good Fortune
The Swastika first appeared in the Bronze age. Its original significance is unknown, but it has been used as a symbol of good fortune from early times.

Boon Companion Not Liked
A boon companion is seldom looked upon as a boon by the family of the man he associates with.

When One Dodges Questions
When one asks another to tell him what he thinks of his work and the other dodges, he doesn't approve of the work.

THE HIGH SCHOOL TATTLER

Athletes
Farmington took revenge on Redford for the beating those worthless bestowed upon them when they paid their annual visit here, by beating them 4 to 2 in an overtime game at Redford last Friday. This puts Redford who was tied for first place with Plymouth, into second place and Farmington into third place which will all go to make Redford glad we're on the map. Farmington got the lead in the first inning and held the score 2 to 1 for six innings when Redford tied them in the seventh. At the end of the eighth the score was still tied, 2 to 2, but in the ninth the tuck changed. Lancaster scored on Bryan's double and Bryan brought in the fourth run on Quinn's single. Redford failed to score in the last period which ended the ball game as far as Redford was concerned. This game does not benefit Farmington much except that they may get second or third place, but it helps out Plymouth, the probable winner of this year's cup.

The line-up was as follows: Allyn, c; Wixom, 1st; Lancaster, 2nd; Bryan, 3rd; Cousins, 3rd; Quinn, p; R. Sallow, lf; Graham, cf; A. Sallow, rf.

Do You Know—?
The origin of the word news? It was originally formed by the directions north, east, west and south, meaning the word covered the world.

It's better to make friends fast, than to make fast friends.

It's better to wait a few minutes at a railway crossing than to wait forever in a cemetery.

It's best to stop to think but don't stop thinking.

A bushel of fun often ends in a peck of trouble.

He who can bottle up his temper is a corker.

Harsh words are like chickens—they come home to roost.

Twice-Told Tales
Bill E.—How much did it set you back to have your hair bobbed?

Velma C.—Oh, about four years.

Bill Chamberlain—When I get married I'm going to marry a girl that can take a joke.

John V.—Don't worry, old dear, that's the only kind you'll ever get.

Leonard—Harmon, I noticed you were talking during my lecture this morning.

Harmon—I beg your pardon sir, I do not recall it, I must have been talking in my sleep.

Esther—Put some oil in my car, Harley—Sure, honey?

Esther—Say, don't get fresh with me. I'll buy my oil elsewhere.

PROOF.
"That fellow wouldn't lend money to his best friend. He refused to buy one of Uncle Sam's Liberty Bonds."

Ant Empires
Some surprising facts have been gathered with respect to the mound-making ants of the Alleghenies. McCook has measured some mounds more than thirty feet in circumference, although rarely more than three feet in height. But around these there are many new mounds in course of construction, only a few inches in height. They are found in groups, of which one contains 1,700 mounds within a space of fifty acres. Their total population is enormous, and each group of mounds appears to constitute a community—an insect kingdom or empire.

Facts About the Telephone
There are more telephones in the State of Massachusetts than in the whole of France.

The City of Cleveland has half as many telephones as the whole Continent of South America.

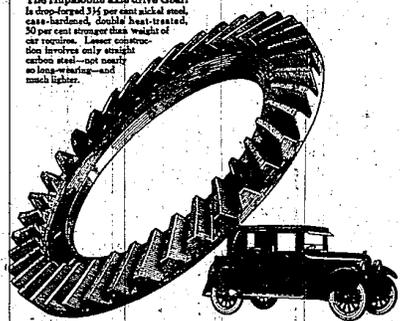

New York City has more telephones than Berlin, London, Paris, Liverpool, Rome, Antwerp, Brussels and Shanghai combined.

There are more telephones in use in the single State of Illinois than in France, Italy, Russia, Belgium, Denmark and Hungary combined.

The American Telephone and Telegraph Company has a larger number of stockholders than any other American corporation. The total number of stockholders at the beginning of the present year was 281,119.

Hupmobile

The Hupmobile axle drive Coar is drop-forged 3 1/2 per cent nickel steel, case-hardened, double heat-treated, 30 per cent stronger than regular car axles. Lesser construction involves only straight carbon steel—not nearly so long-wearing—and much lighter.

A Futile Hope

Don't Expect Hupmobile Quality in a Car Less Finely Built

You know what a marvel the Hupmobile has been—you know its rugged performance over long periods—

the fallacy of hoping to get Hupmobile qualities in any car less finely built. The whole question of price and value, money's worth and satisfaction, is bound up in these immensely important exhibits.

The Hupmobile parts shown in the Parts Display and the processes of manufacture described, not only tell why, but they reveal
