

TRAVEL MONEY

The most convenient funds to use whenever you travel are travelers' checks;

We issue these in \$10, \$20, \$50, and \$100 denominations, bound in a little book containing just the right assortment.

Furthermore, travelers' checks are safer than money because they are valueless until countersigned.

Then they are accepted by banks, stores, hotels, railroads, and steamship lines at face value.

ONE CENT

One cent will drive your fan for two hours. It will keep your washing machine at work for twenty minutes. Or it will give you two hours of light from your 50-watt lamp.

Electricity is the cheapest, best and least troublesome servant you can have in your home. It works 24 hours a day, never asks an afternoon off, and springs at the touch of a button.

Come in and let us show you how easy and economical housework can be done, in the coming warm weather.

Elto

3 H. P. Fast, Light "Twin"

THE fastest, most powerful of light weight outboard motors—the lighter motor per H.P. Built around big bearings. The ELTO has more than double the bearing surface of other light weight outboard motors which means durability and long service life without constant repair.

Starts on first quarter turn because improved waterproof battery ignition gives big, but quiet independent of cranking speed. Battery lasts entire season and is renewable anywhere. No parts to be returned to factory for re-magnetizing. No heat vibration—silent underwater exhaust—windless—perfect trolling speed. The perfect motor of Ole Elvander, pioneer designer of outboard motors. Sold only under the name "ELTO." Write for catalog.
