## FARMINGTON'S NEW MILLINERY DISPLAY

## Announcing

Opening display of a select and comprehensive  
showing of the very New and Authoritative  
designs in

## Early Fall Millinery

at the well known drygoods emporium of  
FRED L. COOK & CO., FARMINGTON

## Week Beginning Monday, August 25

Arrangements have been made with Madam  
Holdsworth of the Holdsworth Millinery Parlors  
of Detroit, to make this display, and a cordial in-  
vitation is extended to all the ladies of Farmington  
and vicinity to inspect the showing.

## TROOPERS TO DEMOLISH

## AD SIGNS ON HIGHWAYS

County road commissioners throughout the state have received notice that a contingent of state police has been assigned to remove all signboards and other advertising posters on the right-of-way of any state trunk line highway.

Advertisers throughout the state have been warned to remove their advertising if they do not wish it to be confiscated. Those printed on fences and bridges will be obliterated.

The road commissioners have been asked to cooperated with the state troopers, furnishing trucks to remove all signs which may be converted into other uses. It is expected that this action will mark the end of the violation of the state law.

## TO HELP STUDENTS

## AT COUNTY NORMAL

"High school graduates living in outlying districts, who would like to attend the county normal this fall may be able to secure a way to help pay their expenses if they will get in touch with this office," says County School Commissioner E. J. Lederle.

"Women from the country, who have attended the schools which this training is intended to give them to teach, often make the very best teachers," says the commissioner. "If they lack vision this training will supply this very thing. Teachers from these sections will be at a premium as teachers in the rural schools. If financial matters seem to interfere with the plans I wish the young women would communicate with this office."

## THE REWARD

The individual banker should be much more than a mere lender of money, much more than a mere collector of interest. More than any man in his community, he has the opportunity to guide the farmer along lines of safe progress and toward substantial achievement. The banker in an agricultural district must know agriculture if he is to loan money to farmers and upon agricultural security. In addition to that, the banker must touch with the activities of the business world. He has correspondents in the larger cities; he must, of necessity, for the protection of his own business, look beyond the horizon of his immediate vicinity in order to foresee imminent changes in business conditions. The banker has the opportunity to be the point of contact between the farmer and these many other activities of the business world with which the farmer's business is so closely connected. The field is wide, the opportunity is great, the reward of confidence of customers and neighbors—gained by service in their behalf—is worth the effort.—Walter W. Head, President American Bankers Association.

## CO-OPS SELL A BILLION'S WORTH

According to the 1920 census figures, \$721,283,639 worth of farm products was sold through co-operative marketing associations. The greatest growth in co-operative marketing has come since that time, so that it is safe to assume that much more than a billion dollars worth of products are sold co-operatively at the present time. A general survey shows that the larger co-operatives in fruit are handling nearly \$200,000,000 worth of business annually. The large scale milk co-operatives do a total business of about \$150,000,000 annually, while the tobacco group is doing a combined business of more than \$100,000,000 annually. The cotton group has also passed the \$100,000,000 mark.

## NO SUMMER THIS YEAR

This is destined to be "a year without a summer," according to Prof. Henry J. Cox, head of the United States weather bureau in Chicago, the third such summer in more than a century of records of the bureau. This summer is running 3.3 degrees below the summer average, Prof. Cox said, and a five-day cool spell is expected in this section beginning today which will increase the deficiency. In 1816, June, July and August were 5.6 below the mean temperature and the summer of 1891 was 4 degrees below normal.

Mrs. Mae Ely of Detroit, was a guest the latter part of last week at the home of Mr. and Mrs. Ralph Hogle. Miss Alma Mae Bickling returned home with her Sunday for an indefinite stay.

Notice of Filing of Order Designating a Drainage District.

## TO WHOM IT MAY CONCERN

Notice is hereby given that I, Cassius J. Crawford, County Drain Commissioner of the County of Oakland did on the 19th day of August 1924, file in the office of the said Drain Commissioner an order designating a drainage district for the Laing drain according to Act No. 316, P. A. of Michigan 1923.

The route and course of said drain is as follows:

Beginning at a point 25 feet south of the section line between sections 28 and 33, Farmington Township, Oakland County, Michigan; said point being 1,445 feet west of the S E corner of Section 28; running thence across the land of the estate of Arthur Tredway, deceased, as follows: N 60° 27' W to station 1 plus 15; thence N 28° 20' E to station 9 plus 16; thence N 2° 30' E to station 11 plus 00; thence N 27° 45' W to station 21 plus 12; thence N 37° 00' to station 38 plus 06 on the line between the property of Arthur Tredway, deceased, and J. W. Lathrop at a point 203 feet south of the center of said Section 28; thence across the J. W. Lathrop property as follows: S 44° 00' W to station 36 plus 18; thence N 31° 00' W to station 48 plus 17; thence N 53° 50' W to station 54 plus 38; thence N 5° 20' E to station 58 plus 07; thence N 51° 10' E to station 58 plus 94 on the line between J. W. Lathrop and Luther L. Budd and wife at a point 170 feet north of the S W corner of the property of Luther L. Budd and wife; thence across the Budd property as follows: N 51° 10' E to station 59 plus 80 on the line between the property of Luther L. Budd and wife and that of Albert J. Laing; thence across the Laing property as follows: N 51° 10' E to station 61 plus 00; thence N 5° 00' E to station 64 plus 28.5 to the north line of Laing property; thence across the property of Wilhelmina Russling as follows: N 5° 00' E to station 64 plus 57; S 83° 30' E to station 65 plus 0 to the east line of said Wilhelmina Russling thence across the property of the Methodist Childrens Home as follows: S 83° 30' E to station 67 plus 29; thence N 6° 30' E to station 69 plus 00 to the point of ending.

The names of the freeholders whose lands are crossed by said drains are as follows:

Estate of Arthur Tredway, Deceased, Freeholder of the Township of Detroit City, Mich.

J. W. Lathrop, Freeholder of the Township of Farmington.

Luther L. Budd and Wife, Freeholder of the Township of Farmington.

Albert J. Laing, Freeholder of the Township of Farmington.

Wilhelmina Russling, Freeholder of the Township of Farmington.

Methodist Childrens Home, Freeholder of the Township of Farmington.

Dated this 19th day of August 1924.

Signed,

CASSIUS J. CRAWFORD,

County Drain Commissioner of Oakland County, Mich. 41-2

"CREO-DIPT"  
STAINED SHINGLES

Quality of shingles. Each shingle is sawed from selected cedar logs—not from forest waste; all parallel widths—no wedge shapes; thoroughly seasoned—not baked to death in dry kilns. Better shingles are not to be found in any market.

Quality of stain. This shingle is thoroughly stained by a special factory process. Pure pigments are ground twice in pure linseed oil and carried deep in the fibre of the wood with creosote oil. The result is preservation of wood as well as soft-toned colors that do not fade or wash out in streaks.

They cost less than staining on the job.

Ask for quotation on "Creo-Dipt" Stained Shingles for roofs, walls as well as roof. Come in and choose your colors from our attractive stock, or phone and we will call with samples.
