Had Learned Something

An army officer was showing his fair guest about the camp, when a bullet sounded. "What's that for?" the officer inquired. "That's tattoo," the officer explained. "Oh, I understand," she remarked. "I've seen it on soldiers' arms, but I didn't know they had a special time for doing it!"

CLARENCEVILLE

Friday evening the Ladies' Aid Society will give two one-act home talent plays.

Mrs. Mary Glyspie of Yorkville, Ind., is a visitor at the home of her son, Mr. C. Renef.

The reception for the new pastor and wife, Rev. and Mrs. Harry Felton, last Friday in the dining room of the church was a very delightful affair. About 150 turned out to greet the new pastor and wife, also the new school Superintendent, Mr. Kalder, wife and teachers. Dinner was served by the Adult Bible Class, William Shaw acting as toast-master. Responses were made by Rev. Felton, Mr. Kalder, Mrs. Tyler, president of the Ladies' Aid, Mrs. Myers, president of the Adult Bible Class, Miss Alverson of the Girls Class, and Zvahlen Chairman, chairman of the finance committee.

The P. T. A. gave a reception for the new superintendent, Mr. Kalder and teachers Tuesday evening at the school house. The program opened with a talk on "The School and Its Problems," by Supt. Kalder. Sheriff Walters of Wayne County gave an interesting recital of his work with boys, telling of some of the problems he comes in contact with in his police work in Detroit. His subject was "Influences at Home, which Count." The Misses Baker rendered several musical selections; a solo by Miss Copy of Detroit; the Misses Newman a piano and violin solo, respectively. Mrs. Newman, the P. T. A. president and Mr. Klint of the school board each gave good suggestions for school betterment. Refreshments were served at the close of a very enjoyable evening.

pends. A slouching boy or girl with half used lungs and flabby muscles is never thoroughly healthy. For the sake of strength, beauty, and health, one should learn to hold the body well, and to sit and stand straight, with stomach in, chest up, and head up. Always bend forward from the hips and not from the back for otherwise you will have a cracked spine.

The mouth is the gateway of the body, its protection against dirt and disease is one of the first essentials of health. Decayed teeth, which result from a neglected mouth, not only means suffering, but open the way of many serious diseases of the whole body. The regular and thorough use of the tooth brush, at least twice a day, and better still after every meal, will do a great deal to prevent painful results to the dentist and premature loss of the teeth. Four of your best friends are: pure food, fresh air, exercise and rest.

By following these few simple rules you will find yourself in the "Land of Good Health."
