## CONCRETE BREAKING

BASEMENT FLOORS DRIVEWAYS SIDEWALKS

Call Bob 437-6486 Harris, 40, of 34134 Old Timber Court, called for an end to "the steady stream of allbis and diplomatic double-talk which have been handed down from the White House on Indo-China and for a "drastic reassessment of national priorities." cans to wake up -- to insist t' it the needs of people -- you'g, old, sick and unemployed -- get some attention: instead of weapons which have never been used, and in all probability, will never be used.

Harris Blasts Nixon On Viet

"WE HAVE RIOTS in our cities, steady inflation combined with a slowdown in industrial production, and rising taxes and unemployment, the we spend our energies trying to solve the problems of Vietnam." Harris, a lieutenant colonel in the Marine Corps Reserve, added.

Reserve, added.
"We have watched the administration fight for the affit-bullstic missile, the multiple independently-targetable re-entry while and the supersonic transport while the president vetoes the health, education and welfare budget and the bill to provide funds for hospital expansion as infilationary."

money into a Vietnam trat will approve the Vietnamized, and preparing for a withdrayal that may well result in a permanent garrison of Afgerican troops remaining it. Indochina.

The administration of Vietnamized and proposition of the division Dr. Rumble, that ris said: "We alt will like the very the defined by the work of the division Dr. Rumble, to lake over the defined by the vietnamized by the division Dr. Rumble, who received three degrees from Tulone University, to lake over the defined by the division of the division Dr. Rumble, who received three degrees from Tulone University of the division of the divisio years since 1950.

"The Republic of Kopes has so many troops to spare that they can fight in Vietnm but we still have our own troops there. In fact, Americans are still dying in Korea.

# there. In fact, Americhes are still dying in Korea. The lessons of Vietnam and Laos, Harris said. "must be learned now. We can't go around the world leaving, 1900 or 75,000 troops in every 1900, try with an internal fire loutionary movement. "SOONER OR LATER we are going to have to call a hait. We are going to have to call a hait. We are going to have to call a to the root of the problems in this country, instead of wor, limit about those everywhere etc." We are the most powtrul the country instead of wor, limit about those everywhere etc. "We are the most powtrul the country instead of wor, limit about those everywhere etc."

"SOONER OR LATER we are going to have to a hat. We are time getting a hout those everywhere et. We are the most powrful and the wealthiest most for the street of the wealthiest most for the street of the colors asys there are a limited number of openings in the morning and afternoon beginner class and in the morning and afternoon beginner class in 10 one-hour lessons which are held Monday through Friday for two constitutions interested in integration at the Clarenceville book that we have a state of the strength of the streng

### Rep. Bennett Opposed Tax Credit Repeal

BRUCE F. MIRTO

DISTRICT MANAGE CAREER WITH A FUTUR

State Rep. John Bennett (D-Redford Township) voted against the successful bill repealing property lax credits on the state income tax for purposes of school financing. He was erroneously recorded as having voted for it in

per report.

The 34th District legislator thus sided with five other of the 11 Observer area lawmakers in the crucial vote of Gov. Milliken's education reform

The House and Senate, in the same day, passed the measure with votes to spare.

# Home Folks Back Missiles--McDonald

U.S. Rep. Jack McDonald (R-Farmington) announced this week he will continue to oppose current proposals for expansion of anti-ballistic missiles (ABM) but will support additional research and development. He cited 88% support of his 18th District constituents for a some type.

With three choices, about 41% favored support to an anti-ballistic missile system of a limited ABM system, about 46% favored eventual full-scale ABM and about 12% favored eventual full-scale ABM and proposed, does not merit that commitment." said McDonald. Currently debated in Congress is phase two of a proposed deployment of ABM which includes a site in Michagen and is now before the Senate.
Phase one deployment, to protect two Minuteman offensive missile sites, gained approval of both Houses.

The system composed 'is simply not an effective way its simply not an effective way it on the opposed of the proposed of the composed for the senate is simply not an effective way it on the opposed of the composed is simply not an effective way it on the opposed in the composed is simply not an effective way it on the opposed in the composed is simply not an effective way it on the opposed in the composed is simply not an effective way it on the opposed in the composed is simply not an effective way it of the opposed in the composed is simply not an effective way it of the opposed in the composed is simply not an effective way it of the opposed in the composed is simply not an effective way it of the opposed in the composed is simply not an effective way it of the opposed in the composed in the compo

strengthen our defense pos-ture." said McDonald. "It is technically vulnerable, of questionable effectiveness and also expensive." He said he is "convinced that it is unwiss to commit bil-lions of dollars for a system of doubtful value."

# **State Gets** Aid For Sport Fish

Michigan will receive \$223,479 in federal aid for sports fish restoration, according to US. Rep. Jack McDonald (R-Barmington). The funds come from the 195, except for the funds come from the 195, except for the funds of the first formula based on the number of sport fishing license holders in the state and the area of each state, including coastal and Great lakes waters. An additional apportionment will be-made in the fall, McDonald said, which will carry each state through to next July 1.

"Through state agencies,

each state through to next July 1.
"Through state agencies, Michigan will be able to acquire additional land and water areas, construct and rehabilitate lakes, develop access sites and facilities for fishermen, management of sports lisheries," McDoalds sid.
"The state can be reimbursed for up to 75% of the cost of approved projects," McDonald said!

The Federal Aid in Fish Restoration program is administered by the Department of the Interior's bureau of sports lisheries and wildlife.

# Dwyer Hits C&O, Supports Tansit

to run for 28th District Wayne County commissioner. Dwyer told a group of 35 hometown Plymouth well-wishers last weekend that he opposes the committee system of attacking the problem and that existing raincad facilities to the president of the country of the sate being waarded by Carl Pursell, who represents Plymouth, Livonia, Northville and Canton.

"COMMITTEES ARE often burial grounds for those who are unwilling or unable to make decisions," he said. This matter is too important to permit further delay. "While I have no quarred with intelligiant long-range planning, a date not later than July 4, 1936 must be established as an absolute deadline for the commencement of the operable transportation system adequate to meet the expanding needs of Western Wayne County." In the meantime, existing track facilities and rolling stock must be pressed into

Robert E. Dwyer is urging direct action to implement a mass transit system for the meteoroplitan area in his bid for the Democratic nomination to unifor 28th District Wayne County commissioner. Dwyer told a group of 35 hometown Plymouth well-wishers last weekend that he opposes the committee system do that existing railroad facilities: "must be pressed into service." He jis vying for the seat being vacated by Carl Parsell, HE CALLED UPON the public."

HE CALLEO UPON the public to make it known they expect profitable railroad operations." to do more than delay the motorist, and obstruct intersections, while moving freight instead of passengers. "He said he had no wish to see the railroad suffer losser, but that," guarantees to Insurable the passenger service have been made in the past, only to be rejected by the railroads, without proper consideration." Dwyer pripoposed. "We odnot expect to resolve our pofution and ecological problems by continuing to move one man in a livo-ton internal properties."
